HISTORIC MOMENT — Unidentified Negro girl accompanied by Father George Julian, rector, crosses school yard at St. Louis Cathedral parochial school marking the first integrated opening of Catholic schools in the history of New Orleans, La.

Mayor Cranmer Cites Insufficient Income

\$3,600 Street Fund Deficit Reported By City Auditor

By DICK BRAUTIGAM

Auditor Helen Coyne reported to City Council Tuesday night that the street maintenance and repair fund currently is running a deficit of more than \$3,600.

Council made no comment on the report, and as yet there is no indication as to whether a cut-back in street maintenance and repair work will be ordered.

The auditor said the street fund as of Sept. 1 showed a cash balance of \$6,112.51. However, outstanding bills, some of them payable since last May, total \$9,731.73.

One councilman, James Aldom (D. at-large), has stated strongly that he believes funds should be made available from city income tax revenue to give the street department all of the money it needs, as far as practical, to maintain and repair streets.

Aldom has indicated Council may have a difficult time getting the city income tax renewed when it expires at the end of this year if it cannot be shown that something tangible has been done with revenue from the tax during its first two years of operation. He believes prudent care of city streets is one thing taxpayers expect to get for their money.

Mayor Dean B. Cranmer said nearly every city in the state is having trouble finding adequate funds to maintain their streets. "Income from license sales and gasoline taxes just isn't sufficient," Cranmer stated.

The mayor said the deficit here is from maintenance and supply funds and not from service department payroll. Reduction in hours worked by service department personnel has been in effect since the first of the year, Cranmer said, to stay within the amount budgeted for wages.

Council gave first reading to two ordinances last night.

One of the measures would authorize payment of \$11.59 to W. T. Bailey of 215 W. 5th St. for damage done to his car July 11 when a truck knocked down a traffic light onto his vehicle at the intersection of S. Ellsworth Ave. and Wilson St.

The traffic light was found to be below the minimum required height. Since that time, all traffic lights in the city have been checked and raised where necessary.

Also given a first reading was an ordinance authorizing the issuance of \$1,505.92 in bonds to finance street improvements made this summer to sections of Penn Ave., N. Broadway and Lundy Ave.

A special meeting has been called for 5 p.m. today to give second, and possibly third readings to the two ordinances introduced last night.

Authorization was given for the hiring of an adult school patrolman for the intersection of Maple St. and Franklin Ave.

The legislators agreed to consider a recommendation by Al-

bert Lesch (D. 1st Ward) that Council consider giving all city employees five or six paid holidays a year, starting in 1963.

The proposal will be taken up by the finance committee. The rules and ordinances committee was directed to make a recommendation as to which holidays should be observed at City Hall.

Expenses not to exceed \$100 were authorized for Service Director James Feiler to attend a three-day professional conference in Toledo.

Auditor Coyne reported that the general fund had a balance of \$47,133.59 as of Sept. 1.

Mayor Cranmer announced that bids will be opened Sept. 19 for two new police cruisers and a dump truck.

He also reported no word has been received from the state highway department as to when it will advertise for bids for the resurfacing of Jennings Ave.

The rules and ordinances committee was instructed to meet with the planning commission to discuss some possible changes in the city planning code and to prepare legislation that would "put some teeth" in regulations drawn up by that group.

The street lighting committee will meet next week to go over estimates made by Engineer F. S. Barkhoff, Jr., on the cost of street light extensions to Oak, Deming and Cedar Streets on the

Turn to DEFICIT, Page 8

Safeguards Viewed on Flights Near Russia

WASHINGTON (AP)—The United States is considering imposing new safeguards on military patrol flights near the Soviet Union in an attempt to reduce the risk of violating Soviet territory.

The latest in a long series of aerial border incidents flared into world headlines Tuesday when the Soviet Union charged that a U2 reconnaissance aircraft of the

Six Persons Hurt In City Accident

Six persons were injured, none seriously, in one of two accidents investigated by city police Tuesday.

Injured were: Glenn Brown, 29, of Ridgewater Road, driver of one car, injuries to the back, stomach and ribs.

His wife Barbara, 27, whiplash of the neck.

Their children, Glenn Allan, 10, left arm.

Lewis, 9, injuries to the left arm.

Dale, injuries of the left ear.

Mrs. Michele Gullett, of 233 Ohio Ave., 21, driver of the second auto, abrasions of the nose.

The Brown family was treated and released at Salem Central Clinic and Mrs. Gullett was treated and released at Salem City Hospital.

According to police, the mishap occurred at the intersection of S. Ellsworth and Pershing at 2:13 p.m. Both drivers claim they had the right-of-way.

Mrs. Gullett was cited for driving without an operator's license.

In the only other mishap Tuesday, wet pavement was blamed as the cause of a rear-end collision at the intersection of W. State St. and Georgetown Road at 3:50 p.m.

The police reported that a car

type that made sensational history in 1960 had trespassed Soviet territory in the Far East, north of Japan.

Kennedy administration leaders in a reply of unprecedented speed conceded that a U.S. plane—which State Department officials identified as a U2—might have flown unintentionally over Soviet-controlled territory last Thursday.

Officials said today they hoped this speedy concession of possible error would put a quick end to the latest U2 incident and kill any anti-American propaganda build-up Moscow might be planning.

The note to Moscow released here by the State Department only a few hours after Moscow's protest went beyond conceding the possibility of a mistake in navigation due to "severe winds during this nighttime flight."

It made two other points:

1. The policy of barring U2 flights over Soviet territory which was first laid down by President Dwight D. Eisenhower after the 1960 incident and was later confirmed by President Kennedy is still in effect.

2. Precautionary measures intended to prevent accidental trespassing of Soviet air space are being reviewed.

Informed officials said that precautionary measures could include a requirement that patrol flights made in bad weather under difficult flying conditions should follow courses well away from Soviet territory to allow for potential errors in navigation. Strict requirements to keep patrol planes under radar surveillance so that the pilot could check his position accurately might also be laid down.

Grady's Restaurant closed for remodeling. Will open Fri., Sept. 14th under new management-ad.

Warning On Arms Buildup In Cuba Issued by Kennedy

WASHINGTON (AP)—President Kennedy has warned that the United States will take "whatever means may be necessary" to prevent Cuba from turning its growing supplies of Soviet arms against any part of the Western Hemisphere.

Kennedy said the Soviet Union has provided the Castro regime with a variety of military equipment, including short-range missiles and torpedo boats.

But he added there was no evidence of any organized combat force in Cuba from any Communist bloc country or any significant buildup of Cuban offensive capabilities.

"Were it otherwise, the gravest issues would arise," said Kennedy.

He declared: "It continues to be the policy of the United States that the Castro regime will not be allowed to export its aggressive purposes by force or threat of force."

"It will be prevented by whatever means may be necessary from taking action against any part of the Western hemisphere."

Kennedy's statement, giving new details on the current Russian shipments to Cuba, was issued by the White House Tuesday night after the President and top aides conferred for an hour with Democratic and Republican congressional leaders.

Secretary of State Dean Rusk and Secretary of Defense Robert S. McNamara were slated to brief a joint meeting of the Senate Foreign Relations and Armed Services Committees on the situation today.

Kennedy's announcement appeared to have a multiple purpose—to keep the public informed, to tell Castro and the Kremlin to keep hands off the rest of the Americas, and to offset domestic criticism urging more drastic action against Cuba.

Administration officials have reported previously that more than 30 vessels carrying communications gear, weapons, economic aid

and technicians have been arriving in Cuba in a massive wave of Soviet assistance which began late in July.

Kennedy said further information in the last four days establishes that the Russian shipments include:

1. Antiaircraft defense missiles, similar to early models of the American Nike, having a slant range of 25 miles. (The Soviets have supplied similar surface-to-air missiles in past aid to Iraq and Indonesia.)

2. Several torpedo boats carrying ship-to-ship guided missiles having a 15-mile range.

3. Approximately 3,500 "Soviet military technicians" — an increase above previous official U.S. estimates of the number of military specialists arriving from the bloc.

Bella's Troops Control Algiers

Oust Guerrillas In Brief Conflict

ALGIERS (AP)—Deputy Premier Ahmed Ben Bella's Political Bureau took control of Algiers for the second time today after beating down local guerrilla warlords in a brief civil war.

It was impossible to say, however, whether stability was in sight for the two-month-old nation plagued by internal strife and chaos since its birth.

The Political Bureau called off the regular army's invasion of the Algiers area, then moved back to the Algiers offices it vacated under guerrilla pressure 10 days ago.

The rebellious leaders of the guerrilla Wilaya (zone) No. 4 controlling the Algiers area agreed to a demilitarization of the capital and marched their troops out of the city.

Ben Bella personally announced the agreement Tuesday night from the balcony of the government building, former headquarters of the French colonial administration.

"We have won," Ben Bella said, "not because the soldiers of Wilaya 4 have left the city but because the people have imposed their will."

The agreement represented a compromise between the civilian politicians and the guerrilla commanders trying to preserve the authority they seized after the end of the war with France.

The Political Bureau was to function as the country's provisional government without Wilaya 4 interference but gave up its demand for immediate dissolution of the Wilaya command.

The regular army was not to enter Algiers for the time being. Order was to be maintained in the city by police and the pro-Ben Bella commandos of former terrorist chief Yacef Saadi.

Appeals Court Will Hear Lisbon Case

LISBON — The 7th District Court of Appeals will be asked next Wednesday by the state of Ohio, represented by Prosecutor G. William Brokaw and a representative from the attorney general's office, to overrule Common Pleas Court Judge Joel H. Sharp's ruling in the dismissal of indictments against officers of the Lisbon Sales Book Co. and the company, on the grounds the new Ohio law is unconstitutional.

The indictments were returned by the September 1961 grand jury under a new law which went into effect Sept. 1, 1961.

Judge Sharp ruled out the in-

Four Teachers Hired by Board

United School Roof Repairs Completed

Roof repairs to the elementary building and the bus garage which will house four elementary classrooms have been completed in time for opening of United Local Schools Thursday. Executive Head Chester Brautigam reported at a Board of Education meeting Tuesday night.

The Monroe Co. of Cleveland did the repair work.

Four new teachers were hired to complete the faculty. They are:

Mrs. Sandra Borrow, 5th grade, \$4,500; Mrs. Camille Mason, 3rd grade \$3,600; Mrs. Carolyn Gump, 3rd grade, \$3,400; and Miss Carol Fisher, 4th grade, \$3,400.

The Band Boosters were given permission to construct a new refreshment stand north of the bleachers at the football field.

The board authorized the execu-

BERLIN TENSE — U.S. troops in full battle gear move to American sector border in West Berlin to block any Soviet attempt to send armored cars through the American sector. Action took place amid new charges that a U2 aircraft violated Soviet airspace and the shooting of a refugee trying to escape to West Berlin.

Commissioners Vote To Resubmit Tax

County To Ballot On Infirmary Levy

LISBON — Columbiana County Commissioners Galen Greenisen and Walter A. Hunston Tuesday voted to resubmit the thrice-defeated seven-tenths-mill County Home levy for voters' approval at the November election.

Commissioner Frank Wilson neither approved nor disapproved the action.

The levy would provide approximately \$140,000 annually for a three-year period. The funds would be used to construct a new hospital building and make other

repairs and alterations ordered by the state fire marshal who has labeled some structures at the home fire hazards.

Greenisen and Hunston said 90 per cent of the residents at the home require hospital care which would be provided by the proposed 50-bed hospital.

At present, there are 80 persons residing at the home, with 41 of them in hospital wards.

Russell Phillips is home superintendent.

In other business the commissioners awarded the Bennett Printing Co. of Lisbon a contract on its bid of \$253.50 to provide 15,000 applications for dog licenses. The American Paper Products Co. of Youngstown was awarded

3,708 Students Enroll In Schools

A total of 3,708 pupils enrolled at Salem public schools when classes resumed today, Paul Smith, superintendent of schools, announces.

The figure includes the number of children expected to attend afternoon kindergarten classes, he said.

Seven hundred sixty-nine students enrolled in the high school, 838 in the junior high school and 2,107 in the elementary schools.

The registration is 18 short of the anticipated 3,726 which a survey in June indicated would enroll. However, it is 57 in excess of the 3,651 pupils who were registered on the closing day of the 1961-62 term.

FIRE EXTINGUISHED

Firemen were summoned at 9:13 p.m. Tuesday to E. Pershing St. where a utility pole in front of Reilly Stadium had been set afire. The fire was out by the time the truck arrived. Cause of the blaze was undetermined.

MAY RESUME TESTS

HONOLULU (AP)—The United States apparently is planning to resume high-altitude nuclear tests over the Pacific by mid-September.

Repairs to a Thor booster launching pad, destroyed on Johnston Island last July 25 by a rocket failure, are almost complete, a Joint Task Force 8 spokesman said Tuesday.

Ashland Oil Co. Craft Plunges Into Farm Field

Mishap Reported Worst In Industrial Flying History

RAVENNA, Ohio (AP) Thirteen men died in the crash and explosion of a two-engine private airplane on a farm southeast of here Tuesday night. It was the worst industrial aircraft accident in the nation's history.

The twin-engine Lockheed Lodestar, owned by the Ashland Oil & Refining Co., was carrying executives from subsidiary companies in Cleveland and Buffalo to Ashland, Ky. for a sales meeting today.

There were no survivors.

The death toll of 13 exceeded by one the previous high for an industrial aircraft accident — a crash near Shreveport, La. on Jan. 10, 1954. The crash of a Continental Oil Co. plane near Marion, Ohio, on July 1, 1959, took 10 lives.

It was over Lake Milton about 8:30 p.m. when witnesses heard sounds that indicated trouble and saw the plane go into a spin, crashing in bright orange flames that lit the sky.

The tremendous explosion littered Glenn Sickle's 40-acre farm field with human and mechanical wreckage. One piece of the fuselage was found a mile away.

The blast dug a crater five feet deep and about 20 feet in diameter.

Among those the Frontier Oil Co. said boarded the plane at Buffalo were Clayton G. Maxwell, 60, vice president of Frontier; Newton A. Bricka, 43, transportation manager; James A. Mahan Jr., 37, manager of marketing; James Whitaker, 52, assistant manager of Frontier's oil burner division, and Joseph A. Collins, 64, manager of the oil burner division.

An Ashland Oil Co. spokesman said four men from another subsidiary, Allied Oil of Cleveland, also were aboard. They were identified as Jay P. Alexander, 51, executive assistant to the president, Allied Oil; Robert Wulff, 37, manager of retail fuel oil sales; Wayne T. Wiggins, 37, sales manager, and W. H. Parr, fuel oil sales representative for Allied at Ashtabula, Ohio.

From the home company, there was John W. Drennan, administrative assistant for marketing.

An Ashland accountant was believed also to have been in the group. He was identified as James Goff, 34.

Chief pilot Blaine Berkstresser was aboard, and copilot Ronald Roberts of Ashland also was scheduled to make the trip.

First on the scene of the crash 18 miles from this northeastern Ohio city was Richard McKenzie, who lives nearby. He said he heard a whistling or screaming noise, somewhat like the noise of a jet plane. He saw the red lights of the plane moving in a spinning pattern, then saw a tremendous crash. Flames shot more than 50 feet above the wreckage, he said.

William Weimer of Youngstown, who was fishing on Lake Milton one mile to the east, estimated the plane's lights were at 400 feet altitude when he heard what sounded like engine trouble.

"It coughed and sputtered, then faded out," he said.

Some of the wreckage was thrown onto nearby power lines 50 or 60 feet high, causing a short circuit that left homes in a wide area without power for several minutes.

The plane picked up the Allied people in Allied people in Cleveland, then flew to Buffalo, and was on its way back to Ashland.

Local authorities roped off the area to keep back crowds of curious and preserve the wreckage for Civil Aeronautics Board investigators to study today.

The worst industrial airplane accident on record was Jan. 10, 1954, near Shreveport, La., when 12 persons died.

Three years ago an industrial airplane (Continental Can Co.) crash near Marion, Ohio, killed 10 persons.

find the entire cast of a show huddled together at a table listening intently to one of their number talk—with gestures.

You walk closer, hoping to eavesdrop on an actor's monologue on the finer points in bringing a character to life.

But no, what the man is saying, with gestures, goes something like this: "My business manager has figured out the sweetest little capital gains deal you can imagine—Pasadena office buildings. He's putting every single cent of mine he can find in them. I figure that if I can stay in this income bracket for four more years, I can relax and go fishing."

At another table are two of your favorite Western stars, in full regalia, ignoring their cottage cheese and pineapple salads in favor of listening to a small man in a business suit.

"Motels—say, 65 units to start—on this San Fernando Valley land," the little man is saying. "You can pick up the acreage cheap—it's just farmland now, but with the freeway extending, it's gotta shoot up in value, and these motel units are fine for tax depreciation. If you guys get in now—we've got an option on the land—in four years you can just relax and go fishing."

A lovely woman star is holding court at her corner table. "Cattle, that's the best deal, and I've gone through this business of real estate," she whispers. "My manager is buying me into these herds and with a depreciation going on them over a five-year period, there's a great tax break and meanwhile there's nothing to worry about. After all, people have to eat."

Telegraphers Strike Enters Seventh Day

CHICAGO (AP) — A telegraphers' strike which has shut down the Chicago and North Western Railway, the nation's third longest railroad and a major Midwest grain hauler, went into its seventh day today and prospects for a quick settlement appeared dim.

Francis A. O'Neill Jr. of the Federal Mediation Board said he would meet today with representatives of the telegraphers' union.

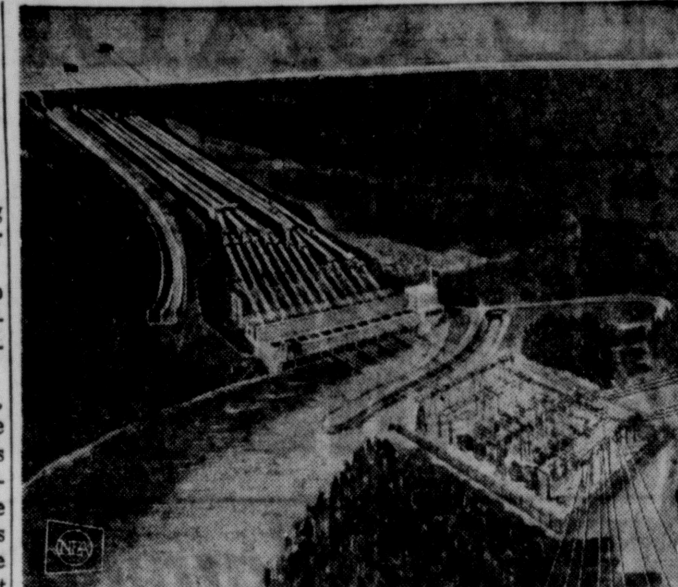

O'Neill met separately for two hours on Tuesday with negotiators for the North Western and the Order of Railroad Telegraphers.

The mediator said no quick settlement appears possible in the strike, which has hampered movement of grain and cattle in nine Midwestern states.

The North Western and the telegraphers have been at odds for five years over the issue of whether telegraphers' jobs can be eliminated.

More than 1,000 union members went on strike Aug. 30 after efforts by Secretary of Labor Arthur J. Goldberg and Mayor Richard J. Daley of Chicago failed to produce an agreement.

Some 15,000 workers, members of other railroad unions, honored the telegraphers' picket lines, bringing an end to operations on the North Western's 10,600-mile freight and passenger system.

MOVING THE EARTH — Artist's drawing shows how Canada's Portage Mountain Dam and 2½-million-kilowatt powerhouse will look when it is completed in 1970. The dam will stretch 1.3 miles across the Peace River Valley in northern British Columbia. Rising 615 feet above the river bed, it will be the highest earth fill dam in the world. A huge reservoir lake created by the dam will cover more than 950 square miles and take seven to eight years to fill.

U.S. Slaps Russia for What It Has Been Doing for Years

By JAMES MARLOW

Associated Press News Analyst

WASHINGTON (AP)—President Kennedy's sudden warning to Cuba and Russia—the result of a Soviet tit-for-tat switch in the cold war—boiled down to telling them not to get aggressive notions.

It was the climax of events building up for weeks.

In a statement Tuesday night Kennedy didn't complain about the kind of military help the Soviets have given, and are giving, Fidel Castro. The kind the President listed as going to Cuba could be considered strictly defensive.

But he said plainly enough that if the buildup was of the kind that could be used for aggression—like Soviet bases in Cuba—or if Castro moved against his neighbors, "the gravest issues would arise."

Actually, by giving military help to Castro in America's backyard, the Soviets are doing to the United States what this country has been doing to the Communist world for years.

For example: the military help, and even alliances, this country has provided for countries around the Communist perimeter in Europe; the aid to Chiang Kai-shek on Formosa near the coast of Red China; military aid in Korea and South Viet Nam and, recently, troops in Thailand. The United States has approximately 8,000 military advisers in Communist-threatened South Viet Nam.

In recent days, as news accumulated about Soviet military help for Cuba and the arrival there of Communist bloc military technicians, a number of senators complained Kennedy wasn't tough enough.

One senator, Strom Thurmond, D-S.C., called for an invasion of Cuba. Another, Homer Capehart, R-Ind., said about as much. Still another, Kenneth B. Keating, R-N.Y., criticized what he called Kennedy's "do-nothing" attitude.

Kennedy could have brushed these complaints aside. Other senators on other subjects have had complaints. But what brought the whole business to a head was what happened Sunday.

In Moscow there was a joint Soviet-Cuban announcement which

promised Russian help to Castro in building steel mills and in farming. Then it said they discussed threats of aggression from "imperialist quarters."

It didn't mention the United States. But it added: because Cuba asked military help to protect itself, Russia would give it "armaments and technical specialists for training Cuban servicemen."

The announcement didn't list the kind of armaments but it carefully avoided saying the military help would include Soviet troops.

In a statement Tuesday night Kennedy ticked off the kind of equipment he said he knows Cuba got from Russia:

Defensive missiles, but not offensive ones, and equipment to use it, some Soviet-made torpedo boats with ship-to-ship guided missiles having a range of 15 miles, and perhaps a total of 3,500 Soviet technicians for setting up and teaching the Cubans to use the electronic equipment Castro got.

But he noted there was no sign of Soviet bases, or Soviet combat troops in Cuba, or any other "significant capability" there in Cuban or Soviet hands.

If these things showed up, he said, the "gravest issues" would arise.

Here are some of the events in the background:

On Aug. 20, U.S. officials reported 15 Soviet vessels, including five passenger ships, arrived in Cuba but they doubted any Communist bloc troops were landed.

At his Aug. 22 news conference Kennedy said he knew supplies had been landed but he didn't know that any troops were.

Two days later a group of Cuban refugee students, in two small boats that stood offshore, fired on a Havana hotel. They admitted it. On Aug. 27 Capehart voiced his complaint.

At his news conference last Wednesday, Kennedy said he still

had no knowledge that Communist troops landed in Cuba. As for economic help from the Communist bloc, Kennedy said Cuba was in such bad shape it needed help.

Last Thursday two vessels, believed to be Cuban, fired on an American Navy training plane near Cuba. Senators Keating and Thurmond had their say Sunday, and on that same day the Russian-Cuban announcement came.

McELROY TO RULE

COLUMBUS, Ohio (AP)—Atty. Gen. Mark McElroy was expected to decide today who sits in the seventh chair when Ohio State University's board of trustees meets Friday at Wooster.

Former U.S. Sen. John W. Bricker's term on the board has expired, and Gov. Michael V. Di-

Salle named Robert Lazarus of the department store company in his place. But the appointment is subject to Ohio Senate confirmation and, with the legislature not in session, the trustees want an opinion from the attorney general to be certain who has the seventh vote.

New Books at Salem Public Library

Fiction
THE WEST WIND by Faith Baldwin. What fidelity can do to a marriage as described by a novelist whose light fiction has been popular for more than a generation.

THE INCONSTANT SEASON by Sally Daniels. A well-written and discerning novel about a family. Children, parents, grandparents on both sides of the family, neighbors and boy-friends are sketched so clearly that they live and breathe before us—yet the whole story runs less than three hundred pages.

THE RELUCTANT QUEEN by Molly Costain Haycraft. Mary Tudor, younger sister of Henry VIII, had some of the same willfulness as her brother and so when he wanted her to marry the aging king of France she made him promise that she might marry whom she wished after the king's death. The author is the daughter of Thomas B. Costain the novelist, so she has practically breathed in history as she grew up.

TROUBLE IN BURMA by Van Wyck Mason. Another Col. North story with as much gore and as many beautiful and tricky women as usual.

A SUMMER TO REMEMBER by Vera Panova. The story of a little boy growing up in present-day Russia, this is written with charm and humor. The motion picture made from it has received world-wide acclaim.

TO LOVE AND CORRUPT by Joseph Viertel. The story of Joe

Naples who began to lay brick at 12, took over the support of his mother and the other children in the family when he was 14, and by the age of fifty is many times a millionaire. He has done this by learning to build houses better and cheaper than other people can do it, but of course there had to be some shady deals along the way. Mostly for men.

Mysteries
DEATH IN COLD PRINT by John Creasy. Murder in an English printing house takes some hard work to solve, but Roger West of Scotland Yard manages very well.

THE TICKING CLOCK by Frances and Richard Lockridge. A big old empty house, a stolen child, a young heiress and an attractive bachelor neighbor add up to an exciting story.

Non-Fiction
THE UNITED STATES IN WORLD AFFAIRS, 1961 by Richard P. Stebbins. A clear and readable account of the international activities of the United States in 1961. This is the 12th volume in this series that Mr. Stebbins has done.

THE MURDER TRIAL OF JUDGE PEEL by Jim Bishop. A dramatic re-telling of a murder trial which took place in Florida in 1961.

THE SOVIET AIR FORCE by Asher Lee. A history of the Air Force of Russia from 1917 to the present by a man recognized as an authority in the field. A foreword has been written by Alex-

ander P. de Seversky.
THE HOME OWNER'S TREE BOOK by John Stuart Martin. Sound advice in the kinds of trees to plant or keep for shade, how to keep them healthy, and how to prune to keep them from being a nuisance or a danger to people.

DECORATIVE ART IN MODERN INTERIORS by Moody. This annual contains a great many illustrations of furniture, glass, materials for drapery and upholstery, silver and dishes from many different countries.

THE CONTEMPORARY ENGLISH NOVEL by Frederick R. Karl. An assistant professor at the City University of New York, Dr. Karl attempts to define and evaluate the main movements in the English novel since Joyce. There are separate chapters on nine of the best-known English novelists, briefer comments about many others.

A PORTRAIT OF JOAN by Joan Crawford with Jane Kesner Ardmore. There is a great deal of material crammed into small space in this book, but it reads pretty well, seems to carry the mark of Miss Crawford rather than her ghost writer, and has an air of sincerity and genuineness.

WINSLOW HOMER by Jean Gould. The full life story of this great artist is heretold in a sympathetic and lively manner. His complete devotion to his work, his insistence on painting realistic scenes, his deep hurt when the critics fail to appreciate his worth are indelibly etched on the reader's mind.

THE DEVIL'S BACKBONE by Jonathan Daniels. This is a story of the Natchez Trace, as it finally came to be known, although many other names were applied to the road from Nashville to

Natchez in times past. Although this account is a very rambling one, it does provide a feeling of former times, and we meet many of the brigands and murderers who used to infest the entire route.

For Young Adults
MICKEY MANTLE, YANKEE SLUGGER by Milton J. Shapiro. A readable story about one of the most famous baseball players living.

Common Pleas Court

New Entries

In the matter of appropriation by the state of Ohio for easement for highway purposes over property of Willard Davis, et al; clerk ordered to pay landowners Willard Davis and Eileen Davis the sum of \$11,900 for proceeds of appropriation settlement — the sum of \$4,808.97 to be held subject to further order of the court. Donald C. Abe vs Joyce Ann

Abe; agreed temporary order for money submitted and approved.

New Case
Don Essick, Minerva RD 2, vs Roger and Dorothy J. Baker, Salem RD 2, et al; action for \$577.10 claimed due on judgment rendered in common pleas court, foreclosure of mortgage.

Modern "making machines" produce 20 cigarettes a second wrapped from a 4-mile roll, enough for 80,000 cigarettes.

Even Worse Than Invasion

It is unpleasant to doubt that Cubans misruling their country know what they're talking about when they spread rumors of invasion.

It would be best if the rumors were true. If Cuba must be kept safe from foreign colonization by force, which has been the policy of the United States since early in the 19th century, foreign colonizers should have been driven out before they had time to dig in.

It is not pleasant to think the troublemakers will have the privilege of strengthening themselves to a point that will give the United States a real battle when it does what will have to be done unless they leave of their own accord.

THE CHALLENGE to Washington's spirit of resoluteness is not in Berlin, where American troops and their allies are living under the guns and missiles of the Russians. It is in Cuba, where Russians, Chinese and assorted communist infiltrators are carrying on their dirty work under the guns and missiles of the United States.

It is as if the front and back doors and the windows were being guarded when the intruder already was inside the house. Cuba

is inside the house only 90 miles from the continental United States.

The crisis shaping up there would seem to explain why so many Russian surface craft have been spotted in the Atlantic recently. There presumably have been many under-seas craft there too.

Russia is probably getting ready for supporting action if and when Cuba is invaded by the United States.

ONLY ONE THING could be worse from the Russian point of view than an outright invasion that would obligate Moscow to support Cuban resistance.

That would be the continued disintegration of the Cuban economy with no invasion—no excuse to cover up the collapse of Cuba with a military free-for-all.

If this happened and if it were aggravated by embargoes enforced by watchful patrols and backed up by strong policies on the part of all noncommunist nations, Fidel Castro's experiment in betrayal would founder until it died of exhaustion.

John Foster Dulles used to believe socialism's downfall was its inability to stand the test of time. His proposition may have a chance to prove itself in Cuba if the gunfire holds off long enough.

The Contempt Is Mutual

Senate Democrats on the subcommittee that had summoned 12 large steel companies to appear before it have cited for contempt of Congress officers of four companies who refused to show up.

Their "contempt" was not for Congress as a whole but for a particular subcommittee of the Senate whose chairman, Sen. Estes Kefauver of Tennessee, has made no secret of his support for the practice of federal price control by publicity.

The steel industry as a whole is opposed to price control, though only four of 12 major companies have gone to the mat with the Senate subcommittee that moved last April to make political capital of the industry's unsuccessful effort to raise prices.

Its announcement then of an investigation of steel production costs was intended to convey the idea that costs did not justify the proposed price increases and were abandoned after the Kennedy administration had made threats of exposure and legal action.

Whether the threats or the refusal of some

steel producers to go along with a price boost caused the price-raising companies to change their minds is a moot question. It probably was some of each.

But when Sen. Kefauver moved into the picture there was no moot question about him. He had seen another chance to show hostility to a pricing system that keeps would-be federal price-fixers at arm's length.

Republic Steel, Bethlehem, Armco and National are the four recalcitrants. Their officers are willing to take the rap in a battle that pits private enterprise against federal control. The issue is whether anything that comes to the mind of a member of Congress is a proper subject for a congressional investigation and whether thereafter any record or any information desired must be furnished, on threat of being cited for contempt of Congress.

In other words, when someone representing Congress shows contempt for the rights of citizens how far can they go in reciprocating?

But Not Entirely Democratic

Political campaigning gets under way in earnest once Labor Day is out of the way. The idea this year, as in all years, is to discover and develop issues on which voters can divide themselves for the purpose of making choices.

This is the way we govern ourselves—by this haphazard method of choosing up sides between the ins and the outs. In Michigan, for instance, voters are going to divide themselves largely on the issue of George Romney, the industrialist, who is Republican candidate for governor against the Democratic incumbent, John B. Swainson.

Gov. Swainson is the choice of Walter Reuther, president of United Auto Workers. He has the backing of Michigan's powerful unionists in their main powerhouse, Wayne County (Detroit), where Democrats packed together a 378,842 majority for John F. Kennedy over Richard M. Nixon in 1960. That was almost two to one.

During the AFL-CIO Labor Day celebration in Detroit this year, candidate Romney was treated as an outsider and, shrewdly, he made the most of the snub. All the speakers were Democrats. The president of the Wayne County AFL-CIO said the attempt to let the Republican candidate for governor share the platform with the Democratic can-

didate was an affront to laboring people.

Candidate Romney didn't seem to be impressed. He had no reason to be. Despite that crushing 378,842 majority for Kennedy in Wayne County in 1960, Michigan barely squeaked into the Kennedy column. What happened in Michigan? Almost the same thing that happened in Ohio, which missed being in the Kennedy column by a thumping 273,000 votes because the Cuyahoga County Democratic bosses couldn't offset free votes elsewhere in the state.

Candidate Romney may very well end up in this campaign year running against Walter Reuther instead of John Swainson—with a fair chance of winning. Not in Wayne County, of course, but in Michigan, where winning counts.

It isn't easy to say exactly what you mean and still keep your friends.

An Ohio teen-age boy was arrested for breaking up a home. He ran his car into a 3-room trailer.

The person who gives up easily doesn't have much to give.

The Hard Way

By Truman Twill

This one you could have seen coming. British scientists have figured out how to make milk without a cow. At a time when the cow had been developed to a peak of perfection, so much so that the United States is drowning in a surplus of milk, the boys in white coats have figured out how to make something like milk by mashing up pea pods, cabbage leaves and weeds.

This is the greatest breakthrough since the boys figured out how to make something like wool by mashing up wood and something like progress by mashing up people.

We are living smack-dab in an era of doing things the hard way. There's no joking in the admonition: "Think — There Must Be a Harder Way To Do This." We do it all the time.

There must be a Parkinson's Law so far unpublished that says: "Complications Multiply in Ratio to the Simplicity They Are Intended To Supplant." And in America they multiply even faster.

In Britain's industrial cities hundreds of thousands of workmen ride to and from their homes on bicycles and motor bikes—no expense, no traffic jams, no parking problems. In British cities, buses are double-decked — twice as much transportation in less than the space taken up by one behemoth bus in this country.

In the Old World number problems are worked out effortlessly on a thing called an abacus, requiring no electricity, no capital investment and no specialized training.

There are still places where people walk to the corner instead of firing up a two-

ton juggernaut to get there; where no one ever heard of a psychiatrist or needed one; where no one ever told a human being supplanted by a machine that he should find something useful to do, for his health.

In this Era of the Hard Way, everything must be changed as quickly as possible. Airlines already going broke because there aren't enough passengers for planes that fly 550 an hour must have planes that go twice as fast so they can go broke twice as fast.

Agricultural experts must look for new ways to grow more footstuffs to add to mountains of surplus foodstuffs already in storage. Tax experts must find new methods for not getting blood out of turnips.

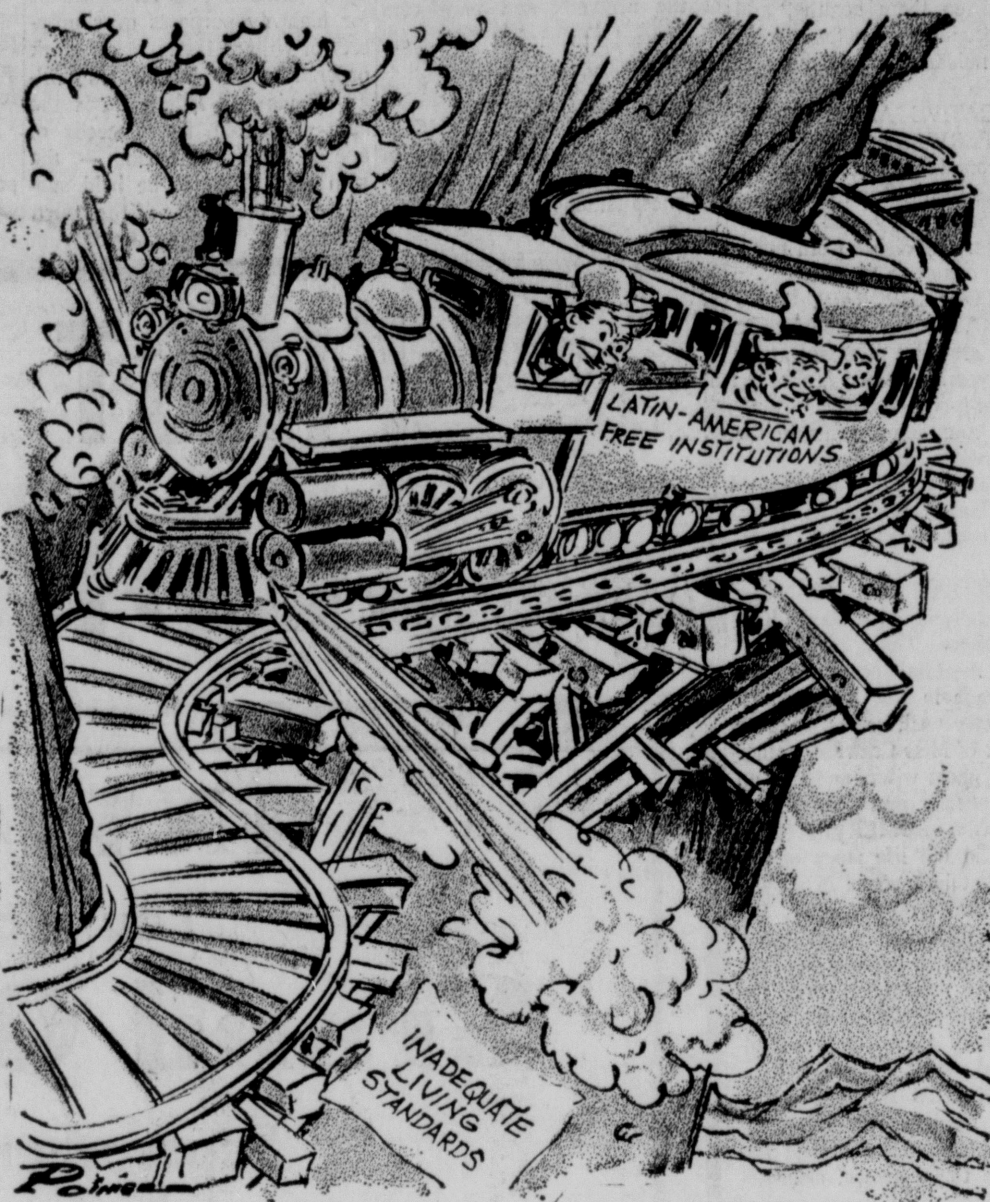

Industry, ever alert for quicker ways to get rid of manpower in favor of machine power because efficient machine power can be charged off and inefficient manpower must be paid for, is equally alert for stunts like stockpiling for defense to get rid of its products without having to rely on inefficient customers.

And now the boys in the white coats are working on a hard way to produce something that will take the place of milk.

Don't be surprised if another twist of their distorted genius is to find a hard way to make something like cowhide. Sorry. That's been done. But they might figure out how to mash up cows to make synthetic leather, which would be similar to a great project that has been under way for the last decade — how to mash up sheep's wool to make synthetic fibers which then could be marketed at premium prices under patents and trade names.

This is the Era of the Hard Way.

Shaky Trestle

Inside Labor

By Victor Riesel

There's a ghost air base in the Caribbean called Atkinson Field. It costs us millions. But you won't find it on any recent maps. Its concrete runways have not felt the weight of aircraft in almost 20 years. Grass has hidden most of its aprons.

A parent it has been forgotten — by all but the Soviets.

Atkinson Air Base could be whipped into shape in a few months. From its runways, swift fighter craft could then dominate the air and sea lanes in and out of the Caribbean, up and down the northern coast of South America, all along the routes to the bottleneck known as the Panama Canal.

And for the moment it appears that the international Communist apparatus soon will put its Migs in at Atkinson — though we could claim it with just a few official sentences.

WHAT VIRTUALLY few except a handful deep inside the State Department and the Pentagon know is that the ghost air base lies a few miles outside of Georgetown, capital of British Guiana.

This is the colony destined for independence and now governed by an admitted Communist, its prime minister, Dr. Cheddi Jagan.

Unnoticed by the people of the United States, Dr. Jagan and his politically powerful wife Janet — who is the Stalin-like secretary general of the pro-Communist Progressive People's party — have been integrating their party in the Sino - Soviet - Cuban global propaganda apparatus.

Insiders haven't the slightest

doubt that once British Guiana becomes "independent" the Jagens will swing it into the military, economic and ideological orbits of this Sino - Soviet bloc.

And along with this will go the ghost air base.

When I was in the Orient the other week, word came that Prime Minister Jagan's wife, Janet, was in Communist China. She was being feted by Mao Tse-tung's highest officials.

Mrs. Jagan, who really runs the Guiana - governing Progressive People's party, had flown to Peiping from East Berlin.

While on the Communist side of in her championing of Chairman Khrushchev's creation of the ghoulis red rampart.

NOTE WELL that the influential wife and political partner of the man who now runs a Western Hemisphere nation had to say: "It is from this view," she said in East Berlin on the morning of Aug. 11, "that I welcome the anti-fascist protective wall."

"This wall is correct and necessary in view of the concentration of espionage and sabotage organizations in West Berlin whose activities are directed against the German Democratic Republic (Soviet zone) — and peace."

Earlier in the day she had been conferring with members of the East German Communist Party Politburo. She had come to the red side of the Wall from her Helsinki Youth Festival activities.

Mrs. Jagan is quite a fellow traveler. Earlier this year she had been in Poland and Cuba.

While abroad, she and members of Prime Minister Jagan's Cabinet have been "arranging" shipments of British Guianese youth to Iron Curtain brainwashing centers.

Since August 1961, the Jagens have sent over 200 British Guianese students for training as Communist leaders.

THESE YOUNG men and women have gone to the University of Havana, in Cuba; Patrice Lumumba (Friendship) University in Moscow; and Charles University in Prague. Recently we began counting this. The U.S. allocated \$100,000 for scholarships for Guianese students in our country. This fund was set up on July 26.

Immediately Jagan announced that he had 50 more scholarships available for Communist universities.

These are the most recent overt developments.

There also have been "underground" preparations for a Communist police and propaganda state. Phones are tapped.

The police departments have been infiltrated — to the point where Jagan has reduced the physical requirements to enable his agents to become part of the gendarmes.

Three months ago Fidel Castro "donated" an expensive printing press to Jagan's party. And Cuba doesn't make new printing presses.

Our State Department and some of our senators have learned that Castro's small boats are landing arms on the Guiana coast. These caches are only 140 miles from Brazil.

The least we can do is immediately notify London, which will be in control until next spring, that we want to reactivate the old Atkinson Air Field which we built in British Guiana during World War II. Until independence this is still our legal right. Then we'll have another Guantanamo in what may soon be another Cuba.

Privileged Unionists

By DAVID LAWRENCE

Meany Calls for Support of Democratic Party

If the presidents of all employer organizations in the country were to make speeches telling their employees that business would get

better if fewer pro - Kennedy Democrats were elected to Congress this November, the howl that would go up from labor leaders would be heard from coast to coast.

Yet George Meany, president of the AFL-CIO, issued a Labor Day message calling on the 17 million members of the trade unions throughout the country to elect a Congress that will support the Democratic party's President on domestic issues.

This means that all local union presidents in every community now have been given the signal to go ahead and do everything they can to influence the union members to vote as the top men in the AFL-CIO want them to do.

Federal laws do not prohibit either employers or union leaders from trying to tell workers how to vote but employees have been reluctant to do this.

They have accepted on its face the fact that the law which prohibits any "contribution" for a political purpose by a labor union or a corporation or a business defines "contribution," as used in the statute, as "anything of value."

The courts have been vague in recent years and have ruled, for instance, that money spent on electioneering in newspapers published by unions is merely "free speech." Likewise, union officials, while continuing on union pay rolls give their time freely to auxiliary organizations which do the money raising among union members during political campaigns.

The sums raised are equal to if not larger than the total amounts collected by the Democratic National Committee in national campaigns.

BUSINESS EXECUTIVES connected with large corporations likewise volunteer their time and services to campaign activities, including fund raising but no large companies have ventured to use their house organs — magazines or newspapers — for direct appeals to their employees to vote for a particular political party or its candidates.

There is no way of telling how much pressure union officers in local unions exert upon the membership to get them to vote a certain way. Many workers are fearful of reprisals if they don't do as the union bosses instruct them to do.

While the union members generally realize the ballot is secret, the fear punishment just the same — often from shop stewards or foremen who have the power to withhold small favors from employees they don't like.

This is because the element of compulsion in unionism has gone so far that, in many industries, a man who doesn't join the union cannot in most instances keep his job. Also, the employer usually will not retain him unless he

supports the union financially by fees or dues.

This is compelled as a consequence of contracts entered into by employers with unions in order to prevent strikes or work stoppages.

Likewise, in many lines of work, unless the would-be employee is already a member of the union, he has difficulty getting a job. This is true, for instance, in certain unions in the theatrical and film business, as well as in the printing trades and in many of the construction industries. Also, the number of apprentices in various industries is virtually limited by tacit agreement between employers and unions.

The American people are not yet fully aware of how far compulsory membership in the labor union or its equivalent has gone in free America. This phase of "civil rights" gets little attention, and there are no demonstrations like those in Albany, Ga., to emphasize the segregation of union from non-union members of the opportunities for employment throughout the United States.

MR. MEANY, speaking as head of the AFL-CIO, has just denounced a public opinion survey recently conducted by the Opinion Research Corporation of Princeton, N.J., which revealed that people generally are opposed to compulsory labor union membership. He called the poll "rigged" because it asked the question whether Americans should be forced to join any "church, union or political organization." He said that "to equate membership in a trade union with a man's religious or political beliefs . . . is not only dishonest but malicious."

But the persons who answered question in the nationwide poll could readily have refused to lump the three categories together. The nature of the answers actually showed that the citizens polled understood this and other related questions. Thus, in the same poll, while 93 per cent agreed that no American should be forced to join any church, union, or political organization, 79 per cent, in answering a specific question, expressed approval of the right to organize in unions and bargain collectively.

SIMILARLY, 60 per cent said unions have grown large enough or are too large now, and 52 per cent agreed that there were union monopolies today. To cope with this problem, 71 per cent of the citizens polled said they favored a law to prevent unions from shutting down whole industries. Sixty-nine per cent favored anti-trust laws to control union monopolies, while 64 per cent favored closer governmental regulation of labor unions.

As for the state laws which prohibit compulsory union membership, the AFL-CIO leaders seek the election of more Democrats to Congress this year so as to bring about the early passage of a federal law that at one fell swoop would repeal the "right to work" laws of all the 19 states which have them now. That's the big prize the union-labor leaders seek to win in the congressional election.

Steel for The Navy

By ALLEN M. SMYTHE

Defense Secretary Robert S. McNamara may have a possible retaliatory problem in his effort to restrict foreign defense purchases.

The Fuji Co., second largest steel firm in Japan, has requested the Navy to qualify it for bidding on the high tensile HY80 steel frames and hull plates for United States submarines.

Japanese steel mills have been buying much of their coke coal from neutral India and the State and Commerce Departments have been urging them to buy more West Virginia coal. This effort has had the enthusiastic support of the congressional delegation from that disturbed coal mining state.

Sen. Jennings Randolph, D-W.Va., anxious for Japan to shift more to the "best coal in the world," also wants any change in policy for defense overseas buying to be cleared by the State Department.

Until recently Japan bought only small amounts of American coal. The Fuji steel mills alone could use 2 million tons of West Virginia coke annually. Japan exported 597,000 tons of steel to America last year.

To meet the rigid naval tests for HY80 submarine steel the Japanese product would have to be tested in United States laboratories. However, the Fuji Co. has offered to build special laboratories to meet naval scientific standards.

While ordinary carbon steel costs \$150 a ton, HY80 alloy steel costs \$500 a ton and has a yield strength of 80,000 pounds per square inch.

The Navy is anxious for a HY80 steel (150,000 pounds per square inch) which would enable subma-

rines to dive two miles. It may cost \$1,000 a ton.

This lucrative market for submarine steel has been held by the United States steel mills. The United States Steel Corp. has been qualified for HY80 frames and hull plates. Lukens and Sheffield Steel, Houston, Tex., are approved for plates and Bethlehem for HY80 frames.

Curtiss-Wright, with a wartime extruding press for steel propellers, is also approved for submarine frames.

Navy officials say the welding and shaping of HY80 is costly and far from satisfactory. In its application, the Fuji Co. said it would submit welding electrodes and techniques to remedy the situation.

United States Steel is the only firm that meets the rigid Navy specifications for HY150. However, they haven't yet found a satisfactory method of welding and fabricating this new alloy steel. Navy experts say there are two methods of fabricating — a hot and cold forming process — that have not been developed yet for Navy use.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I have a close friend who has never been on time since I've known her. She's always at least 15 minutes late. I have waited for her as long as an hour.

The woman is never without an excuse — and I've heard them all. She usually starts with, "Everything happens to me."

Last week I sat parked in front of her home for 30 minutes, waiting to give her a lift. Then, "Prompt Polly" (that's me) had to walk into a meeting 25 minutes late. My face was crimson.

She would be shocked if anyone were to suggest that she is selfish or inconsiderate. In fact, in most respects, she's generous to a fault. What, if anything, can be done about a person like this? —PATIENCE WEARING THIN.

Dear Thin: Anyone who allows himself to be imposed on time after time is a "shnook," in my book.

If you honestly resent this woman's selfishness (find a better word and I'll buy it) let her know you are through waiting for her.

The next time you agree to give her a lift instruct her to be out in front of her home — at the curb. Make it plain if

she's not in front you'll go right on. Phone before you leave home and remind her of the arrangement.

When she discovers you won't wait she'll be on time.

Too Young to Leave

Dear Ann: My husband and I cannot agree. Can you help? We have three lovely children. The oldest is a girl, 15, then a boy, 13, and another boy, 9. These children are well behaved and completely trustworthy.

My husband and I have a chance to take a three-week vacation with another couple. We may never again get an opportunity to see the country at such a bargain rate.

Mother phoned last night to say Dad isn't well and she is unable to stay with our children as planned. My husband says the children can manage without her and we don't need anyone here. I would be uneasy leaving them alone but he claims I am overly protective and the experience of being on their own would be good for them. What do you say? —NOT SURE.

Dear Unsure: I say DON'T DO IT. And I am asking the

typesetters to put this in capital letters.

If something happened in your absence you never would forgive yourself.

Strange how people wouldn't dream of leaving their jewelry or furs unguarded, yet they will take foolish chances with their children who are far more precious.

Get another adult to come in and stay with your children or cancel your trip.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

The Social Notebook

MRS. DENTON HERRON of Franklin Ave. entertained her "50" club Thursday evening, with prizes awarded to Mrs. William Kerr, Mrs. Wallace Luce and Mrs. Richard Ward.

Mrs. Charles Griener and Mrs. Luce were guests, and Mrs. Griener assisted the hostess with serving refreshments.

Mr. Ronald Guchemand of 1099 Buckeye Ave. will be hostess to the group Sept. 25.

ALL AREA REGISTERED professional nurses are invited to join District Three of the Ohio State Nurses Association which is conducting its annual membership drive, according to Ann Markota, president. The organization represents about 11,000 nurses in Ohio.

MR. AND MRS. OSCAR BURRIER and Mr. and Mrs. Kenneth Burrier were hosts to West Side Community Club members at the annual club picnic held recently at Centennial Park.

Twenty-one members and a guest, Richard Paxson, were present. After a short business meeting, "500" was enjoyed.

The next meeting will be held Sept. 27 at the home of Mr. and Mrs. Robert Paxson of Damascus Road.

MR. AND MRS. WESLEY Todor of Beloit will be hosts to members of the Jokers Card Club Saturday evening.

MEMBERS OF THE SALEM Bird Study Club will meet Friday at 8 p.m. in the Memorial Building.

THE SEPTEMBER meeting of the Evening Guild of the Church of Our Saviour, originally scheduled for Wednesday, has been postponed until 7:30 p.m. Sept. 12, in the undercroft of the church.

Lisbon Girl, Salem Man Are Engaged

Mr. and Mrs. Foyn McDevitt of W. High St., Lisbon, announce the engagement of their daughter, Darlene, to Ronald E. Van Pelt, son of Mr. and Mrs. Jacob Van Pelt of RD Salem.

Miss McDevitt is a 1962 graduate of David Anderson High School. Mr. Van Pelt graduated from Greenford High School in 1961 and is employed by the Salem Fruit Growers Cooperative Assn. at Greenford.

The wedding plans are indefinite.

MOST PATENTS

In a tabulation of patents issued for the calendar year of 1960 it was disclosed that Delaware ranked first among the states. In that state, one patent was issued for every 1,209 persons, according to the 1962 Britannica Book of the Year.

Pattern

By ANNE ADAMS

We suggest this step-in with a moderately scooped neckline for half-sizers who like young, fresh fashions. Choose rayon, wool, cotton.

Printed Pattern 4600: Half Sizes 12½, 14½, 16½, 18½, 20½, 22½. Size 16½ requires ¾ yards 39-inch fabric.

Fifty cents in coins for this pattern — add 10 cents for each pattern for 1st class mailing. Send to Anne Adams, care of The Salem News, 156 Pattern Dept., 243 West 17th St., New York 11, N. Y. Print plainly name, address with zone, size and style number.

NEWEST FALL SWEATERS TAKE on the look of fur this year. Pinto pony and leopard (left) are mirrored in hand-screened patterns on soft American wool. Dalmatian print cardigan (right) is done in wool cardigan jacket.

Columbiana Couple Married 25 Years

Mr. and Mrs. Larry Kannal of 236 Manor Drive, Columbiana, will observe open house Sept. 16 from 1 to 5 p.m. in honor of Mr. and Mrs. Harry Kannal of Columbiana who will celebrate their silver wedding anniversary.

The family includes Pfc. and Mrs. David Anderson of Kaiserslautern, Germany, Mr. and Mrs. Clarence Kannal of Columbiana and Miss Vicki Kannal of the home.

Mr. Kannal and his wife, the former Lois Blair, were married Sept. 16, 1937, and have lived in Columbiana 20 years.

Mr. Kannal operates the Kannal Coal Company in Lisbon.

Personal Mention

Mr. and Mrs. Richard Hiner and children of Rogers, Ark., have returned home following a two-week visit with Mr. Hiner's parents Mr. and Mrs. Albert Hiner of Greenford. While here they attended the wedding of David Hiner and Miss Martha Jean Clause.

Mrs. Ruby Geary and her daughters, Faye and Anita, of Winona, have returned from a visit with Mrs. Geary's daughter and husband, Pfc. Roger and June Henthorne, at Camp Lejeune, N. C. They were accompanied by Mrs. Geary's parents, Mr. and Mrs. J. B. Phelps of Ava.

Mr. and Mrs. Chester Anderson of 274 W. 5th St. attended the Anderson reunion at the home of Mr. and Mrs. Robert Kimmel Jr. of New Milford, Aug. 26. They were accompanied by Mr. Anderson's sister, Miss Pauline Anderson of Evanston, Ill., a recent house guest. The 1963 reunion will be held in the home of Mr. and Mrs. Anderson, Aug. 25.

Mr. and Mrs. Frank Hawkins of the Columbiana - Signal Road recently accompanied Mr. and Mrs. Paul Cusick of Lisbon on a weekend trip through Tennessee, Kentucky and Virginia, visiting Fort Campbell, Ky., and Mamouth Cave, Va. They also were guests of Sgt. and Mrs. Thomas Whittington, at Clarksville, Tenn. Mrs. Whittington is the former Dora Hawkins, daughter of Mr. and Mrs. Frank Hawkins.

HIGHEST AND LOWEST

Highest altitude in the United States is Mount McKinley, Alaska, at 20,269 feet; lowest depth in the country is a point in Death Valley, Inyo County, Calif., which lies 280 feet below sea level.

Lisbon Social

By ETTA MAE ALEXANDER

Dr. and Mrs. J. Y. Welsh and son, Gregg, of Catonsville, near Baltimore, Md., spent the weekend with his parents, Mr. and Mrs. Roy J. Welsh, and his grandmother, Mrs. Vida Young of N. Market St.

Their daughters, Greta Sue and Fayla Jean Welsh, who have been visiting here for the past two weeks, accompanied their parents home.

Dr. Welsh is the director of research at the Manganese Chemical Corp. at Baltimore. He is a graduate of Geneva College where he received a B.S. degree in mathematics and physics and a minor in history. He received his Ph. D. in chemistry at Ohio State.

Mr. and Mrs. Gerald V. Wein-

stock of Franklin Square Road attended a reunion of the 1960 official board of Ohio District Kiwanis Saturday at the home of Mr. and Mrs. Carl P. Rueth of Sidney.

Mr. Rueth was district governor of Kiwanis in 1960, and Mr. Weinstein was one of his lieutenant governors that year. There were 40 present at the affair.

On their way home Sunday, the Weinstein's visited with Mr. and Mrs. J. J. Heim of Shreve, former Lisbon residents.

INAR HUMLIKJER of Canton Road, Truman Pilmer of Steubenville Road and Robert Ford of Canton Road attended the annual coon dog field trials at Kenton over the weekend. They report that approximately 70,000 people attended the trials, which began Thursday, Aug. 30, and ended Tuesday.

Mrs. Frank Steele of Vine St., Miss Vinnie Warner of W. Washington St. and Mrs. Irva Firestone of W. Lincoln Way visited Mrs. Kathryn Conley of East Palestine Labor Day. Mrs. Firestone and Mrs. Conley are cousins.

Mrs. M. J. Freshley of E. Chestnut St. entertained members of the Double 4 Club Saturday evening. Mrs. Lloyd Crosser and Miss Dorothy Hildebrand were guests. The evening was spent playing 500.

On Sept. 15, Mrs. Ann Meserve of Cedar St. will entertain the club.

THE VICTORY CLUB met Monday evening at the home of Mrs. Kathryn Gunn, W. Lincoln Way. Prizes at 500 were awarded to Mrs. Gertrude McCord and Mrs. Victor Williams.

Monday, Sept. 17, the members of the club will go out to dinner, the place to be announced later. Mrs. I. C. Bean of Miami, Fla., spent last week visiting Mrs. Paul Hoff of Vine St. and Mrs. H. C. Leonard of Morris St. Enroute home she will visit with her daughter, Mrs. Betty Lou Green of Burlington, N. C. Mrs. Bean formerly lived in

Lisbon and taught at David Anderson High School.

Mrs. Willis Gray and daughter Barbara, of W. Lincoln Way spent the weekend with their son and brother, Mr. and Mrs. Kenneth Gray, and Mrs. Gray's mother, Mrs. Elva Korn of Toledo.

MR. AND MRS. Al Burson of S. Lincoln Ave. and Mr. and Mrs. Wayne Calhoun of E. Chestnut St. entertained 21 guests at their lodge in Snowshoe, Pa., over the Labor Day weekend. One of the guests, Mrs. Oliver Redd of Clearfield, Pa., accompanied them to Lisbon to spend the week. Mr. Redd will join them on Friday.

Miss Vinnie Warner of W. Washington St. and Mrs. Frank Steele of Vine St. visited in Moundsville, W. Va., last Thursday.

Mr. and Mrs. Alfred Steele and sons, Earl and Mark, of North Park Place, spent the weekend visiting at Cedar Point, the Blue Hole at Castalia and the Seneca Caves at Bellview.

Mr. and Mrs. Edgar Conn of members of their family at a cook out Monday evening at their home. Those present were Mr. and Mrs. George Weikert, Mr. and Mrs. Russell Sinsley, all of Leetonia; Mrs. Loretta Wagoner of Cleveland; Mrs. Larry Boyd Sr. of Detroit; Mr. and Mrs. Kenneth Hinten of the Lisbon - Leetonia Road and Mr. and Mrs. Larry Boyd Jr. of Gavers.

MR. AND MRS. J. William Peterson of the Salem Road had as their guests over the Labor Day weekend Mr. and Mrs. James McKinnie, and Mr. and Mrs. Ralph Simkins, all of Detroit.

Mich. Kathy Simkins accompanied her parents home after visiting the past month at the Peterson home. Mrs. Simkins and Mr. Peterson are brother and sister.

The 1962-63 Olympian (yearbook) staff of David Anderson High School has been announced. Misses Darlene Burton and Linda Jones will be the editors.

Serving as assistant editors are Heather Cameron and Kathy Arnold. Others on the staff are Dick Zitto, business manager; Cynthia Hall, assistant business manager; Jim Prudner and Gregg Steitz, photography; Lynne Balmos and Candy Arter, copy.

Norma Crook, Jim Conn, and Joyce Homan, Linda Morgan and Adrienne Bye, activities; Suzanne Tulbure and Kathy McGoogan, senior activities; Sandy North and Gwen Miller, publicity; Tim Bucher, Bill Thompson and Bob Alexander, sports.

Janice Apple, Mary Ann Ieropoli and Gloria Baker, typing; Barbara Tanner, Suzy Mattix and Janet Armstrong, administration; Carmen Gibson, Karen Carnes and Carol Hughes, circulation; Mary Jo Ieropoli and Nancy Ramsey, classes.

Mahoning Extension Group Will Meet

Economic and social facts concerning Mahoning County will be considered during the meeting at 8 p.m. Tuesday of the Mahoning County Extension Advisory Committee at the cooperative extension office in Canfield.

Representatives of the Mahoning County Planning Commission staff will participate in this program designed to provide general background information regarding the current situation trends.

Dolomite deposits of Ohio are among the finest in the world.

ADVERTISEMENT FOR BIDS

LEGAL AD

Sealed bids will be received by the Director of Public Safety of the City of Salem, Ohio, at his office in City Hall, South Broadway, Salem, Ohio, until 12:00 Noon, Eastern Daylight Savings Time, Wednesday, September 19th, 1962, at which time and place said bids will be publicly opened and read aloud on the following:

TO PURCHASE: One (1) New 1963 4-door Sedan of the following specifications: Straight shift, 8-cylinder, heavy duty taxi package construction, 2 spot lights (50 candle power), back-up lights, leather or vinyl upholstery, heavy duty generator or alternator, electric windshield wipers, oil filter, heavy duty heater and defroster and black body with white top.

TO SELL: One (1) 1961 Ford 4-door sedan now in use by the Police Department and to have the selling price of said vehicle credited against the purchase price of another vehicle and to consummate said sale and purchase by single contract with the lowest and best bidder to be determined by subtracting the selling price of the vehicle to be purchased and the purchase price offered at the time for the 1961 Ford 4-door police cruiser now being used by the Police Department.

Each bid must contain the full name of every person or company interested in the same and be accompanied by a bond to the satisfaction of the Director of Public Safety or a certified check on some solvent bank in the amount of One Hundred Dollars (\$100.00) as a guarantee that if the bid is accepted a contract will be entered into and its performance properly secured.

Should any bid be rejected, such check will be returned to the Bidder and should any bid be accepted, such check will be returned upon the proper execution and securing of the contract.

All bids must be enclosed in two sealed envelopes and on each envelope there shall be a notation that a bid is enclosed and what the bid covers.

The right is reserved to reject any and all bids.

Columbiana Auxiliary Prepares For Fair

COLUMBIANA — Members of the Women's Auxiliary of American Legion Post 290 are making preparations for their part in the annual street fair sponsored by the post, which will begin tomorrow and continue through Friday and Saturday.

The women have been collecting sheets, pillowcases, towels, washcloths, dish towels, pot holders, aprons, tablecloths and napkins to go into the linen basket, which will also contain a quilt, handmade by Mrs. Charles Stark of Lisbon.

There will also be a container at the Legion booth for used eyeglasses, lenses or frames which will be sent to a "New Eyes for the Needy" center in New Jersey. Visitors are also asked to bring discarded neckties and ribbons which are made into rugs and shopping bags by men at the veterans' hospital in Sandusky.

Rev. George R. Sweeney, pastor of the Methodist Church, has been selected to take part in a month-long preaching mission in Brazil, South America, from Oct. 15 to Nov. 15.

Alta Bowers will be hostess and Marguerite Rymer, co-hostess, to the Queen Esther Class of the Grace United Church at 8 tonight at the Alta Bowers home on New Waterford Road.

Mrs. John Gough and Mrs. Allen Rupert had a stork shower recently for Mrs. Gary Wilms at the Gough apartment on N. Main St. Former classmates and friends were guests. Prizes were won by Miss Patricia Briceland and Mrs. Larry Zimmerman.

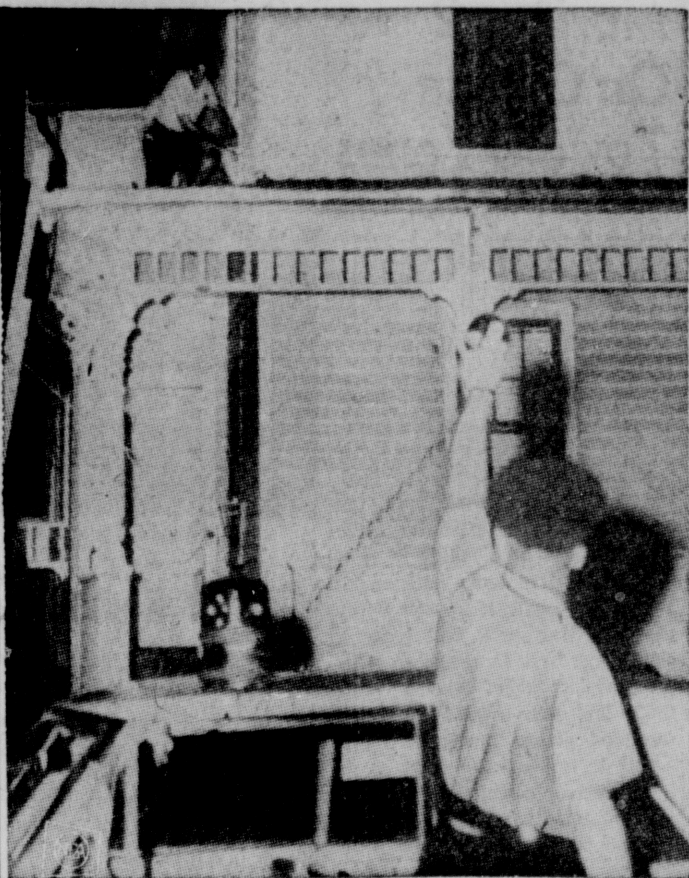

Mr. and Mrs. Kenneth Rowland and daughter, Nancy, and son, David, have returned from a three-week trip through the Northwest, during which they visited the world's fair at Seattle, Yellowstone National Park and Mt. Rushmore.

Mr. and Mrs. Howard Donbar of Great Falls, Mont., are visiting his father, Luther Donbar.

A son was born to Mr. and Mrs. Robert Rosenberg of Santa Monica, Calif., Aug. 30. Mrs. Rosenberg is the former Marilyn Oeland, daughter of Mrs. Helen Henry Oeland, a one-time resident of Columbiana and daughter of the late Frank Henry and his widow, Cora Fisher Henry of Vine St.

Mrs. Frank Henry has returned from a three-week visit at the home of her brother and wife, Mr. and Mrs. Irl Fisher of Cliff Drive, Port Clinton.

Mrs. D. R. Bevan was a recent guest in the home of Mr. and Mrs. Frank Dutcher of Rogers.

SEIZE BERSERK TEACHER — Policeman William McMahon disarms Albert C. Peel, 37, a schoolteacher who went berserk and recited poetry between shots during a half-hour gun battle with police in Meriden, Conn. Peel was wounded three times.

Today In History

Today is Wednesday, Sept. 5, the 248th day of 1962. There are 117 days left in the year.

On this day in 1774, the first Continental Congress met in Philadelphia. Patrick Henry voiced the sentiment that made this congress in a sense the beginning of the United States, when he said, "I am not a Virginian, but an American." Up to then colonial residents had identified themselves as citizens of their colonies, but now for the first time they considered themselves Americans.

On this date— In 1755, the deportation of 6,000 Acadians began in Nova Scotia. Their expulsion by the English provided Longfellow with the inspiration for his poem, "Evangeline."

In 1905, the treaty ending the Russo-Japanese War was signed in Portsmouth, N. H. For his work in bringing the two sides together, President Theodore Roosevelt received the Nobel Peace Prize.

In 1939, at the outset of World War II, French forces came in contact with the Nazis on the western front.

In 1942, German Field Marshal Erwin Rommel failed in his attempt to break through to the delta of the Nile River.

In 1945, British forces went ashore to complete the recapture of Singapore.

Today's birthdays: Actor Fredric March's wife, actress Florence Eldridge, is 61. Film Producer Darryl Zanuck is 60.

Thought for today: One man in the right will finally get to be a majority—Ralph Ingersoll.

Common Pleas Court Docket Increases

LISBON—Common Pleas Court disposed of 25 cases during August with the docket showing a net increase of 48, according to Clerk of Courts Carl L. Stacey's report to the administrative assistant of the supreme court.

On Aug. 1 there were 817 cases pending, and 73 new cases were filed, making a total of 890. During the month, 25 cases were disposed of, leaving 865 pending Sept. 1.

One traffic point system case was disposed of during the month. The court of appeals docket remained the same at 11.

DEMONSTRATION AT FAIR

"Fixing an Invalid's Tray" was the subject of a team demonstration in the food division of the Ohio State Fair recently by Doris Vincent, daughter of Mr. and Mrs. Lee Vincent of RD 2, Salem, and Betty Fleming, daughter of Mr. and Mrs. Earl Fleming of Homeworth, who represented Columbiana County at the event.

The girls are members of the Winona Jolly Bunch 4-H Club with Mrs. Steve Knizat as adviser. The girls have been active in 4-H work for eight years.

INJURED IN FIRE

MIDDLETOWN, Ohio (AP) — Two workmen were treated for burns Tuesday at Middletown Hospital as the result of a fire which caused \$4,000 damage at the Shurtle Division of Black-Clawson Co. The fire broke out when gasoline spilled on a truck with its motor running. Neither of the men, Bob Haddix and Dave Cottrell, was badly hurt.

Final Traffic Toll Over Labor Day Weekend Was 501

CHICAGO (AP) — Traffic accidents over the long Labor Day weekend killed 501 persons, a record for the holiday and far ahead of the normal number of highway fatalities for a similar non-holiday period.

The final count for the 78-hour (three-day) holiday period showed that 501 persons lost their lives in motor vehicle accidents reported from 6 p.m. (local time) last Friday to midnight Monday. The previous record high of 461 was recorded in the 1951 Labor Day weekend.

Last year's Labor Day traffic toll was 386. The National Safety Council said the average number of traffic deaths for a late summer 78-hour non-holiday weekend is 330. An Associated Press survey last month for a 78-hour non-holiday weekend period showed 256 deaths on the highways.

In addition to traffic deaths, there were 23 fatalities in boating accidents, 57 drownings and 97 deaths in miscellaneous types of accidents, for an overall total of 678. This also was a record, exceeding the previous total of 658, also set in 1951.

First Lt. Ernest Schmid was the first U.S. Air Force man to fly over both the North and South Poles.

Double Talk

By HAL BOYLE

NEW YORK (AP)—How's your double-talk? A bit Rusty?

Double-talk is the verbal salve that keeps civilized people from rubbing their egos raw as their separate dreams, desires and ambitions bump into each other.

Here are a few examples of double-talk—plus their literal translations—to help you get back into the swing of things:

"My, that tan you got on your vacation sure makes you look healthy." They must have had sun lamps in that barroom.

"Boss, I think you've got a wonderful idea there." But why did you turn it down when I suggested it to you six months ago?

"Darling, you don't mean to tell me you wallpapered this room all by yourself?" It looks like you'd been helped by the Marx brothers and the Three Stooges.

"Well, naturally men with shoulders as wide as yours are a bit hard to fit." Particularly when their stomachs are even wider.

"Just tell me when." I've already poured in three jiggers—do you want the whole bottle?

"You mean you're really wearing one of those new high-fashion wigs? I'd never have guessed it." I felt sure it was a mop.

"The way I look at it, every man is entitled to his own opinion." Even an idiot like you.

"Ooh, don't tell me my glass is

Rip Van Winkle Couldn't Sleep with Nagging Backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling. Doan's Pills work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headache, muscular aches and pains. 2. by soothing effect on bladder irritation. 3. by mild diuretic action tending to increase output of the 15 miles of kidney tubes. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. For convenience, ask for the large size. Get Doan's Pills today!

Amazing New Bra

Must Be Seen On To Be Believed

Shop Mondays 12:00 to 9:00
Weekdays 9:30 to 5:00
Fridays 9:30 to 9:00

Fabricadabra

How can a cotton bra that feels as soft as a handkerchief shape you better than molds, wires, bones or anything ever could?

THE ANSWER:

Exquisite Form discovers a new "giveable" cotton fabric that must be seen on to be believed.

FABRICADABRA by Exquisite Form

We want you to see the greatest change that ever came over a woman, or a fabric, soon as you change into FABRICADABRA. This new "giveable" cotton comes to life on you. And in all your life you've never looked so naturally beautiful. Because this fabric has its own natural shaping ability that supports and separates better than unnatural bones, wires, molds, anything. It fits as though the bra were made right on you. Feels like your own skin. Washes like a hanky, never shrinks, dries like new. And FABRICADABRA is so light you scarcely know you're wearing a bra. Make it yours tomorrow. Style #747 — 32-36A, 32-40B, 32-42C, \$2.95; 32-42D, \$3.95.

Woman In Serious Condition Following One-Car Mishap

A 45-year-old Harmony, Pa., woman is in serious condition in East Liverpool City Hospital with injuries received in a one-car accident at 2:45 this morning on Rt. 170, near Calcutta.

Bertha Wimer of RD 1, Harmony, suffered contusions of the right shoulder, abrasions of the forearm and a possible concussion when her car overturned after failing to negotiate a curve two miles north of Rt. 30. The north-bound car ran off the left side of the road, the Ohio Highway Patrol reported. The vehicle was damaged extensively.

No one was hurt but four motorists were arrested as a result of five highway accidents investigated by the Patrol on Tuesday.

Ronald L. Kotsch, 20, of RD 1, New Waterford, was arrested for reckless operation, following a four-car accident on Rt. 46, eight-tenths of a mile west of East Palestine, at 3:50 p.m.

According to the Patrol, Kotsch was driving east when he crashed into the rear of a car operated by Alpha E. Floor, 47, of East Palestine, who had slowed to make a right turn into a private drive.

Kotsch's auto then bounded across the center line and side-swiped an oncoming car driven by Dorothy Meyers, 39, of New Waterford. After that it continued on across the west-bound lane and struck the right front of a car operated by Walter T. Luce, 45, of East Palestine. All four vehicles received moderate damage.

The front porch of a home owned by Roy Werner of Rt. 7, RD 1, New Waterford, was damaged at 8:10 a.m. when it was struck by a car operated by Virginia E. Cook, 54, of Youngstown.

The Patrol said she was headed south on Rt. 7, one and one-half miles south of Rt. 46, when the car ran off the left side of the road and hit a power pole before crashing into the house. Some shrubs were torn up in the Werner yard. No one was injured. The Youngstown woman was cited for speed excessive for conditions.

Perry L. Guy, 32, of RD 1, East Palestine, was arrested for driving while intoxicated after he backed his pick-up truck into a parked car on County Road 421 in New Waterford at 11:15 last night. He also was cited for having improper registration on his truck. The parked car, owned by Pat Costanzo of RD 1, Leetonia, received moderate damage.

Robert Snyder, 19, of Washington, escaped injury at 10:30 a.m. when his car failed to negotiate a curve on Alternate Rt. 14 and skidded over an embankment about two and one-half miles east of here. He was cited for speed excessive for conditions.

Gary Dean, 16, of RD 1, Salineville, reported to the Patrol that an unidentified car forced his auto off Rt. 39, just east of Salineville, at 10 a.m. Dean's car received moderate damage when it struck an embankment on the right side of the highway. The driver was not hurt.

Deficit

(Continued from Page One)

South side of town.

C. F. Tomlinson, superintendent of parks and recreation, reported that the Clinton Asphalt Paving Co. of Wilmington has begun construction of three hard-surfaced tennis courts at Centennial Park.

Councilman Lesch again voiced objections to spending \$17,105 to have the tennis courts built. He said he would have much preferred to see the money spent on playground equipment at Waterworth Memorial Park.

Councilman Aldom defended the park commission's decision to build the tennis courts, saying the money is being spent wisely and justly.

The parks superintendent also reported that attendance at the Centennial Park swimming pool this summer was 43,712. Only in one other year since the pool was opened nine years ago was attendance that high. That was in 1959 when 45,638 admissions were recorded. Attendance last year was 35,756.

Revenue from the pool this year amounted to \$8,441.10, compared to \$7,587.35 in 1961. The best year for revenue was 1955 when \$9,072.55 was taken in.

One record set at the pool this year was the total of 319 children 12 years of age and younger who purchased \$5 season passes. The previous high for this age group was 247 in 1960.

The pool closed Labor Day.

The claims committee recommended payment of \$20.95 to Dorothy Yeagley of Salem for damage done to her car Aug. 7 when a catch basin on S. Lincoln Ave. flipped up and ruptured the gas tank.

A group of Salem Area Industrial Development Corporation (SAIDC) representatives attended last night's meeting to seek Council's suggestions as to what can be done to alleviate a critical parking problem in the area of large industrial plants in the southwest section of the city.

Councilman Aldom explained that Council is willing to assist in any way it can; but he reminded that this body's functions are legislative and it has no responsibility to provide private parking for individual businesses.

Matt Melitschka, representing the J. M. Lehmann & William R. Thropp Division of Mullins Manufacturing Corp., one of the industries with a shortage of parking space, said he was only asking Council to work with the industries involved in a joint effort to try to solve the parking problem.

He said that with Mullins moving its facilities back to Salem from Warren, the parking problem in the S. Ellsworth Ave. — Mill St. area will become even worse. Melitschka said he knows of instances of persons coming to the industrial area here to do business, only to drive on when they found it impossible to park.

Ralph Zimmerman (R. 4th Ward), chairman of the traffic and safety committee, said Council has done everything in the parking situation that it has been asked to do within its jurisdiction. He said three loading and unloading zones have been set up on Mill St. for the Lehmann & Thropp Co. Permission to set up these parking zones was granted by the state highway department.

Zimmerman suggested that the industrialists try to solve their own problem, and if they find that they need legislation passed, present it to Council for consideration.

Zimmerman ruled out the possibility of building a municipal parking lot in the industrial area. He said councilmen are still taking abuse from persons who objected to construction of the Pershing-Penn municipal lot opened about a year ago.

Other representatives of SAIDC attending last night's meeting included Gail Herron, Howard Firestone and Wells Vaughters. Victor Ballenger, executive secretary of the Salem Area Chamber of Commerce, also was present.

A request was heard from Edward Lesch, representing the Saxon Club, to allow parking on the south side of Railroad St. across from Saxon Lofts.

Councilmen Fred Koeneich (D. at-large) and Jack Rance (R. at-large) were excused from last night's meeting.

2 E. Germans Flee To West In Huge Truck

BERLIN (AP) — Two young East Germans drove an eight-ton truck through two barbed wire fences early today, climbed a third fence and swam a border canal to safety in West Berlin.

East German border guards fired their automatic rifles several times, but no one was hurt.

Police said the successful refugees were men between 22 and 25. They came through the southern suburb of Seehof, in Communist territory, and got across the Teltow Canal.

They reached safety just behind McNair Barracks, one of the biggest American installations in Berlin.

West Berlin police reported that an East German border policeman also got across. He came in civilian clothes and his route was not disclosed.

Jeeps of U. S. troops manned crossing points through the Berlin wall in the American sector to make sure that the Soviets used their crossings for the guards they send daily to the Soviet War Memorial in the British sector.

The Russians knuckled under Tuesday night to Allied demands that they use a British sector crossing to shorten the guards' route and lessen the danger of traffic disruption or demonstrations by West Berliners. But in the Western air corridors to the City Communist MIG fighters swooped down on Western airliners again, bringing new Allied protests.

Several hours before the checkpoint issue was settled, the United States, Britain and France protested to the Russians against MIG fighters which the West said accompanied three commercial airliners flying in the vital corridors from West Germany.

Deaths Funerals

Louis A. Quinn

Louis A. Quinn, 49, of 861½ Newgarden Ave., died of complications following surgery at noon Tuesday in Akron General Hospital.

Born in Salem April 3, 1913, he was the son of Joseph and Jennie Frazzini Quinn.

Survivors are his wife, Mary Schuster Quinn, whom he married March 21, 1953; his mother of Salem; two brothers, Donald of Mansfield, and Charles of Van Nuys, Calif.; and one sister, Mrs. Elizabeth Vegg of Canton.

Funeral arrangements are incomplete but friends may call at the Stark Memorial tonight and Thursday night.

Steven J. Sartick

Steven J. Sartick, 39, of Jackson Ave. died Tuesday following surgery in Canton Mercy Hospital.

Born in Monaca, Pa., June 22, 1903, the son of John and Barbara Sartick, he lived in Salem most of his life and was a member of the Eagles Lodge.

He is survived by five brothers, John and Michael Sartick of Salem, Albert of Sandusky, Paul of Phoenix, Ariz., and Peter of Monterey, Calif.; two sisters, Mrs. Margaret Baltorin of Salem, and Mrs. Katherine Latella of Slovan, Pa.

Private funeral services will be at 11 a.m. Thursday at the Stark Memorial in charge of Rev. R. J. Hunter, pastor of the First Baptist Church. Burial will be in Grandview Cemetery.

Friends may call at the Memorial tonight from 7 to 9.

Daniel Stevens

COLUMBIANA—Daniel Stevens, 83, of E. Park Ave., died of complications at the Hutton Rest Home in Salem at 1:45 a.m. today following a month's illness. He had been at the rest home one day.

Born April 15, 1879, in East Liverpool, he was a son of John and Rhoda Stevens. He married Elizabeth West in 1915. She died in 1943.

A resident of Columbiana 50 years, coming from East Liverpool, he was employed by Stahl Builder's Supply for 20 years and later worked for eight years at Wilms Nursery.

He leaves a daughter, Olive of Chicago, Ill.; a brother, Harry of Philadelphia, Pa.; a granddaughter, Mrs. Burdell Heck of Columbiana with whom he had made his home; and three great-grandchildren.

Rev. Harry Scheidemantle, pastor of the Presbyterian Church, will conduct funeral services at 1:30 p.m. Friday at the Seederly Beihart Funeral Home here. Burial will be in Columbiana Cemetery.

Friends may call at the funeral home Thursday evening.

Walter A. Sutherland

EAST PALESTINE — Walter L. Sutherland, 83, died at his home at 174 E. Main St. today at 8:30 a.m. following a long illness.

The last of 14 children, he was a retired potter and a life resident here.

Arrangements are incomplete at the Oliver Funeral Home.

MRS. WILLARD PLEGGE

Burial services were held Tuesday for Mrs. Willard Plegge, 47, of Kensington, Md., who died suddenly of a heart attack.

She leaves her husband, a son of Joseph Plegge of Salem, who is employed at the White House.

Democratic Group To Meet Tuesday

County Democratic Chairman Don R. Gosney has called a meeting of the Columbiana County Democratic Central and Executive Committees for Tuesday at 8 p.m. in the party headquarters at Lisbon.

Party leaders will make final plans for the November election campaign.

Mariner 2 On Course Toward Venus

PASADENA, Calif. (AP) — The United States' Mariner 2 spacecraft streaked toward Venus today after changing to a new course scientists say will take it within 9,000 miles of the mystery planet.

The course change was made Tuesday in a spectacular maneuver 1.5 million miles from earth.

Aboard the 447-pound vehicle are instruments that may tell whether life could exist on Venus, virtually a twin of earth in size.

If these instruments work as designed during a 30-minute fly-by Dec. 14, Mariner 2 will score a significant first in space for this country. The Soviet Union's Venus probe last year missed the cloud-shrouded planet by 62,000 miles — and its radios were dead.

An electronic whiff of Venus is all U.S. scientists ask of Mariner 2. Unsterilized, it was never intended to impact Venus but to miss it by 10,000 miles and go on into a giant orbit around the sun.

The 12-foot-tall spacecraft, launched Aug. 25 from Cape Canaveral, Fla., went through the intricate maneuver to overcome a bad start. A rolling motion by its Atlas-Agena booster during liftoff sent Mariner 223,000 miles off course.

Scientists at the U.S. space agency's Jet Propulsion Laboratory here spent days measuring the amount of error. Then, at 3:49 p.m. Tuesday they started sending a series of radio messages that commanded the spacecraft to point its nose in a different direction and then fire a small liquid fuel rocket in its tail.

This sent Mariner 2 streaking toward Venus at a speed of 6,687 miles per hour.

"Everything worked just as designed," the Mariner project manager Jack James, exultantly told a news conference.

Stove Confiscated At Dinsio Home

Mahoning County Sheriff's deputies, with a search warrant obtained from the Columbiana County Court here, entered the home of James Dinsio at 642½ Franklin Ave. Tuesday afternoon and removed a cooking stove which they claim was part of the more than \$100,000 in goods stolen by a burglary ring uncovered in the area last May.

Salem police assisted the sheriff's deputies in recovering the stove which was valued at more than \$200.

James Dinsio and three of his brothers, William of Salem, Amil of near Greenford and Vincent of Washingtonville, have been charged on numerous counts of possession of stolen equipment. Hearings for the brothers have been pending at the Mahoning County Court in Sebring for several months. The brothers are out on bonds of \$3,500 each.

More than \$100,000 in stolen equipment has been found in the homes of the suspects and at coal mines owned by the Dinsio brothers near Greenford and Leetonia.

Preliminary hearings for three other persons charged in the burglary ring, Charles Mulligan, his mother, Mrs. Mary Mulligan, and a sister, Mrs. Linda Masluk, all of Youngstown, have been held at municipal court in Youngstown.

Accident

(Continued from Page One)

Driven by Curtis E. Salley, 30, of Monticello, Calif., was stopped in a line of traffic, when he was rammed from behind by a vehicle driven by Ernest Berger, 61, of RD 2, Salem.

Thoughts

Sing to the Lord, all the earth
Tell of his salvation from day to day.—I Chron. 16:23.

Let never day nor night unhallow'd pass,
But still remember what the Lord hath done.
—Shakespeare.

Minister Named By Lisbon Church

LISBON — William E. Wallace, minister from Poteau, Okla., has been named to serve at the Chestnut and Pritchard St. Church of Christ here.

Mr. Wallace has served as minister at Hickory, N.C.; Akron; Owensboro, Ky.; Fort Smith, Ark.; and McAlester and Poteau, Okla. He is a fourth generation preacher in the Wallace family.

A graduate of Lenoir - Rhyne College of Hickory, N.C., he also attended Oklahoma City University and East Central State Teachers College at Ada, Okla.

Mr. Wallace is associate editor and co-publisher of "Truth Magazine", a 24-page religious publication which is published in Akron.

The Wallace family has moved into a home located at 304 W. Washington St. They have a daughter, 7, who will attend Lincoln School.

Court

a contract to supply 30,000 window envelopes and 15,000 coin envelopes on its low bids of \$157.50 and \$35.25, respectively. All the items will be used by the dog warden's office.

Commissioners also paid the city of Wellsville \$52 for 104 dogs killed there during August.

The commissioners' next meeting will be Thursday from 10 a.m. to 4 p.m.

Columbiana Will Permit Free Parking In Evenings

COLUMBIANA — On the recommendation of the safety committee, Council voted to change the parking meter ordinance Tuesday night.

The revised ordinance will state that parking meters will be in effect from Monday through Saturday from 8 a.m. to 6 p.m. Parking will be free after 6 p.m. every evening and on Sundays and holidays.

The committee also asked that Council consider purchasing the new parking meters which Police Chief William McGuckin requested two months ago. The meters being considered will cost \$39.50 each with trade-ins. Action will be taken as soon as the complete cost including freight charges is determined.

Council approved a resolution authorizing the formation of a Columbiana County Civil Defense Organization. Mayor Lee Harrold will attend a meeting Thursday to gain more information about the proposed organization.

Chief McGuckin announced that a temporary detour will be set up for downtown traffic during the Street Fair from Thursday to Saturday. One-way traffic going north will be observed on S. Elm St. from Railroad St. to E. Park Ave. and cars going south will travel on S. Vine St. Main Street will be blocked off from Railroad St. to the square, but traffic will proceed as usual at the square.

At the request of Street Com-agreed to provide funds for a power steering unit to be installed on the 1956 high-lift tractor owned by the Street Department. The unit will cost \$236 installed and will be used for snow removal.

Council approved the hiring of L. J. Schuler and Son of Youngstown to put a 15-year guaranteed roof on the village garage and garage addition at a cost of \$975.

Permission was granted to John Golden to cut a door in the rear wall of his flower shop, subject to approval by the planning commission. The building is owned by the village.

Britain Rejects Soblen's Final Plea

LONDON (AP)—Britain today rejected Robert A. Soblen's final plea for clemency and ordered the fugitive spy deported to the United States "as soon as practicable."

His deportation probably will take place Thursday but the time has not been announced.

Soblen, who faces a life sentence in the United States for wartime spying for the Soviet Union, has been on the run since June.

He jumped \$100,000 bail, fled to Tel Aviv, was expelled from Israel and landed in Britain July 1 after slashing himself while aboard the Israeli airliner that was flying him to New York.

British courts four times rejected the 61-year-old psychiatrist's pleas that he should be allowed to remain here or at least be allowed to go to some other country of his choice. Communist Czechoslovakia offered him a visa, it was reported.

In a final effort to avoid deportation, Soblen's lawyers this week presented Home Secretary Henry Brooke with a 20-page memorandum arguing Soblen's case.

Informed sources said it argued that Soblen's guilt had not been firmly established and that in any case he suffers from leukemia—blood cancer—and so should be allowed asylum on humanitarian grounds.

Report Is Issued By Clerk of Courts

LISBON — Carl L. Stacey, clerk of courts, reported a total of \$8,303.79 was paid the county treasurer in fees collected in Common Pleas Court and the car title department during August.

The clerk paid \$5,041.46 to the state treasurer from the collection of sales and use taxes, and \$33,557.19 was paid the state treasurer from the collection of the new dealers' tax, the county receiving \$389.38 for its one per cent poundage. The state also received \$1,182.45 in car title fees.

There were 71 civil cases filed in Common Pleas Court, and the title department issued 3,267 auto titles, 30 duplicate titles, 638 memorandums, six duplicate memorandums, 1,219 notations of liens, 1,201 cancellations of liens and 1,027 acknowledgements.

The 332 titles issued for new vehicles during the month represent a valuation of \$977,165, Stacey said.

KRESGE'S—the family's choice

The Doctor Says

By Dr. H. T. HYMAN

The 'Why' of Chronic Respiratory Diseases

In almost every mail, there are appeals for suggestions from those who suffer the breathlessness, coughing and expectoration that go with chronic respiratory diseases such as bronchitis, emphysema and bronchiectasis. These appeals tell of failure to obtain relief from cough medicines, expectorants, inhalants and applications to the chest wall of smelly medicinals.

What these appeals do not state is the obvious fact that the sum total of what is spent on these products is probably a significant amount of the family budget that is not applied to the purchase of necessities for living.

LET US TRY TO investigate the failure of these popular medications and the continued distress by first defining the nature of these conditions.

The bronchi are smooth-lined tubes through which air passes from mouth and nostrils to lungs. They are equipped with circular muscles that permit them to widen and narrow the airway through which atmospheric air, containing oxygen, passes to the lungs.

They also afford a passageway through which the waste gas, carbon dioxide, passes from the lungs and into the atmosphere. Thus they function like the gas line and exhaust pipe of an engine.

When the muscles clamp down and act like a tourniquet that the doctor puts on your arm when he draws blood, the airway is narrowed and you may

suffer an attack of bronchial asthma or asthmatic bronchitis. And relief can be obtained from this sort of muscle spasm by the administration of drugs that cause muscle relaxation.

But when the smooth wall of the bronchial tubes becomes permanently roughened and thickened as a result of inflammation caused by constant irritations or repeated infections (chronic bronchitis), the airway narrows in the same way that you nostrils clog when they are exposed to irritant fumes or during the course of a common cold.

LATER, WHEN THE inflammation extends beyond the bronchial lining to spread to the structures of the bronchial wall, the tubular passageway "gives" just as a rubber bag "gives" when it loses its elasticity and is no longer able to snap back. This is the condition of bronchiectasis. This condition is not only irreversible but it permits bronchial secretions to accumulate.

Then finally, for present purposes, there is the condition of emphysema when the lungs themselves lose their elasticity and they, too, become larger but less efficient. Just like the bladder of a football that has seen better days.

In another article, I'll suggest measures you may take for prevention and relief.

Popular name for Candelmas Day is Ground-hog Day, Feb. 2.

UNIQUE MEETING — The Rev. Alcuin Hemmen and his sister, the Rev. Mother M. Celeste Hemmen, are the presidents of the Benedictine colleges in Atchinson, Kan., St. Benedict's and Mount St. Scholastica, named for the twin founders of their order. Here they discuss curricular offerings of their colleges, prior to opening of school.

Simulated Civil War Unit Plans 'Skirmish'

Blue and Gray Round Table, reactivated Company B of Salem, a simulated Civil War Company, will take part in a "skirmish" Monday at 7 p.m. on the Ellsworth Road just above the Western Reserve Road intersection. The public is invited.

The skirmish will be sponsored by Philip Triem Camp 43, Sons of Union Veterans of Salem. Those men participating will be in uniform and will use a cannon loaned to them by the Philip Triem Camp.

The Round Table will also take part in a re-creation of the Battle of Antietam at Antietam, Md., on Sept. 15, 16 and 17 as part of the Civil War Centennial celebration.

Six candidates from the Blue and Gray Round Table were recently taken into the Philips

Triem Camp. McClelland Camp 61 of Alliance brought their degree team to Salem to initiate the six men.

John Frost, a member of the

Philip Triem Camp, recently completed 78 years of membership in the organization.

Couple Seeks \$30,500 In Road Mishap Suit

LISBON — A suit for \$30,500 for injuries and expenses and loss of services was filed in common pleas court Tuesday by Mrs. Linda Thomas and her husband, William, of Sandyville.

Jack E. Carle, his mother, Florence L. Carle of East Rochester, RD 1, and the Mallernee Oldsmobile Company Inc., of Minerva were named defendants.

Mrs. Thomas seeks \$25,000 for back injuries, and her husband \$5,500 for damages and loss of his wife's services as a result of a collision Dec. 15, 1960, on Rt. 30 about 2.2 miles east of Minerva. The plaintiffs said their car was struck from the rear by an auto driven by Jack E. Carle, then 17, who was driving on a temporary instruction permit. The car was owned by Mallernee Oldsmobile Co.

District Residents Win Ohio Fair Prizes

Land O' Goshen Farm on Goshen Road, owned and operated by Mr. and Mrs. A. D. Allen, exhibited three Belgian horses at the recent Ohio State Fair and won a number of awards, including fourth place on the single draft hitch.

Ames Allen, 20-year-old son of Mr. and Mrs. Allen, won first in showmanship in the senior div-

ision of the junior fair, and a daughter, Patty Jo, 15, won first place in showmanship in the junior division. Patty Jo also won the trophy awarded the winner in the show-off in the Percheron-Belgian contests, single hitch. The six Belgian horses, three stallions and three mares, exhibited by the Allens at the Canfield Fair the past week, brought home seven prizes.

Denver Finds Way To Cut Down on Teacher Turnover

DENVER (AP) — Looking for a way to beat the teacher turnover, a special agony for school boards across the country?

Then take a look at this city's flourishing teacher coordinator program, which can be modified to fit any school's needs.

Fifty-two coordinators work with an average of 600 new teachers each year, in the classroom, in individual conferences and in group meetings of the newest faculty members.

The coordinators, teachers with an average of 12 years' classroom experience, help the novices come to grips with basic problems like lesson planning, instruction problems and matters of child psychology.

They demonstrate effective ways to teach, either in group sessions or right in the classroom.

Says Dr. Arthur Olson of Denver's Division of Instructional Services: "The coordinator program has been a splendid success. It has helped stabilize our faculty and cut down on teacher turnover. It has been of tremendous importance in our recruitment of new teachers from outside the state. Also, it has relieved the school principal of much responsibility."

Coordinators, each of whom is assigned an average of 30 new teachers, work at the teaching levels with which they themselves are familiar.

A probationary teacher is assured of a once-a-week conference with her coordinator, along with opportunity to attend workshops with other new teachers.

The program has also been extended to include second and third-year teachers.

Dr. Olson emphasizes that coordinators do not have any role in teacher appraisal. If they did, the rapport needed for a profitable relationship would be destroyed.

Among the coordinator's functions are these:

1. Helping organize the teacher's work in pre-session planning so that a successful beginning is made with classes.
2. Assisting with preparation of daily lesson plans.
3. Observing teachers and pupils working together in the classroom.
4. Conferring with teachers pointing out strengths and making constructive suggestions for overcoming weaknesses.
5. Showing ways to individualize instruction and improve student motivation.
6. Helping to construct classroom tests or to select standardized tests, and helping to use these tests effectively.

There is no shortage of coordinators, who are screened and selected from a large reservoir of applicants.

On the average, the coordinator is compensated by a bonus salary of about \$600 over his regular pay scale. Coordinators serve in that capacity indefinitely, barring promotion to executive jobs.

Bereaved Youth Commits Suicide

NEWARK, N.J. (AP)—William and Freddie Edelbach, 18-year old twins, were almost inseparable. Freddie was killed April 14 when an automobile he was driving skidded and crashed into a concrete pillar.

William's mother called police to the family home Tuesday. William was dead, a bullet through his temple.

Police said there was this note: "I, William Edelbach, confess to suicide. My only request is that I be buried alongside Freddie. All my savings to mother. God bless you Ma."

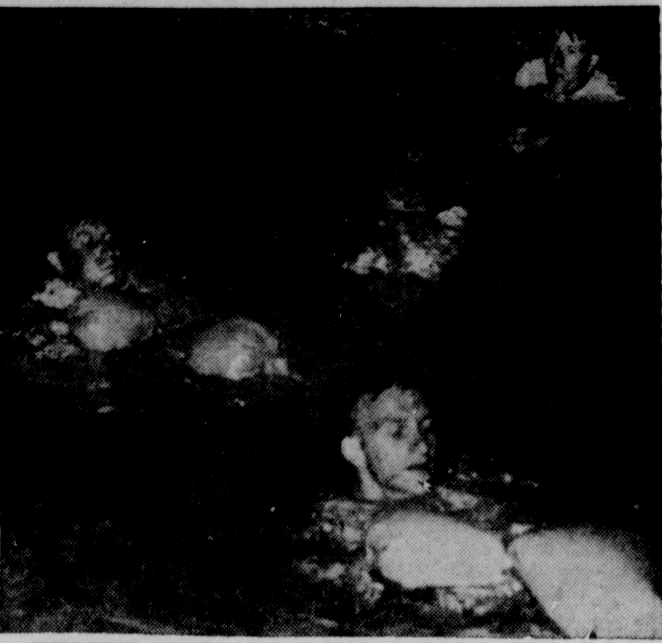

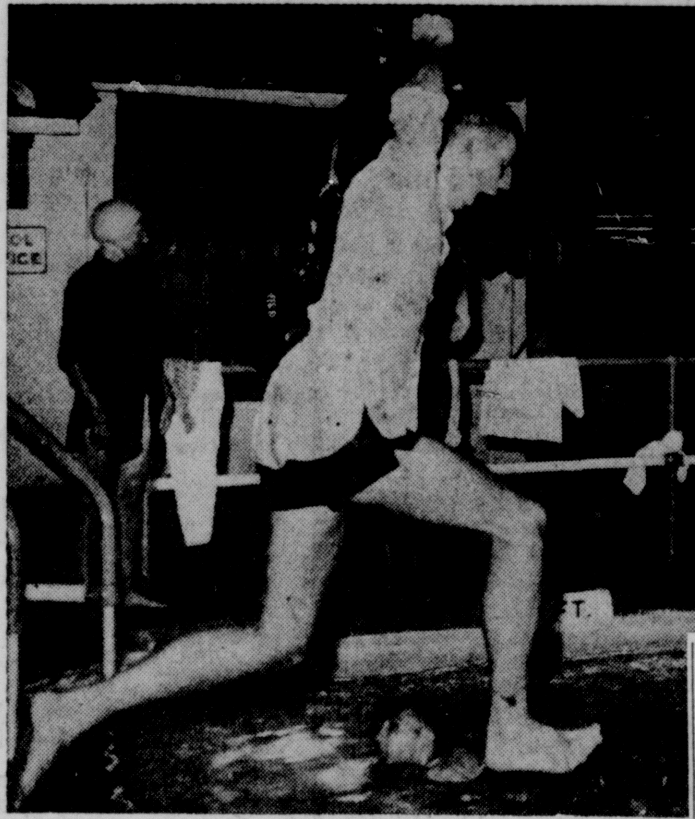

Senate Group Agrees To Postal Rate Hike

WASHINGTON (AP)—A Senate committee has agreed tentatively to go along with a House measure increasing first-class and airmail postage rates by one cent.

After a closed meeting Tuesday, the Senate Post Office Committee announced the tentative approval and a plan to substitute percentage increases for the penny-a-copy rate increase the House had voted for second-class mailing rates for periodicals.

Chairman Olin D. Johnson, D-S.C., said the substitute provision calls for three annual increases in the second-class rate—4 per cent a year on editorial content of the periodicals and 10 per cent a year on advertising content.

JOHNSON, FANFANI CONFER
ROME (AP) — Vice President Lyndon B. Johnson conferred with Italian Premier Amintore Fanfani today, opening the last round of major political talks on his six-nation tour.

SURVIVAL TRICK — An aquatic trick that could save your life is demonstrated by John G. Coe of Westfield, N.J. He leaps into pool, left, with trousers knotted at the cuffs held over his head. Trousers capture enough air to act as water wings and keep the swimmer afloat. Coe and other Peace Corpsmen, right, were taking Red Cross survival training near Washington, D.C., before leaving for Ethiopia duty.

DeGaulle, Adenauer Discuss W. Europe

BONN, Germany (AP)—French President Charles de Gaulle and Chancellor Konrad Adenauer met today for a vital discussion of the economic and political future of Western Europe.

The importance of the talk was amplified Tuesday night when the French leader, in Germany on a six-day state visit, indirectly suggested formation of a Bonn-Paris political axis.

De Gaulle said the creation of a political union among the six Common Market nations was being delayed by "internal" and "outside" influences. He did not elaborate.

He added, however, that as far as France and West Germany are concerned, "there is every reason to organically form their mutual relations without waiting any longer since they (France and Germany) are in agreement on the principle and realization of this important task."

Freeman Pledges U.S. Food for U.N. Program

UNITED NATIONS, N.Y. (AP)—Secretary of Agriculture Orville L. Freeman pledged \$50 million today in American food and cash toward a \$100-million U.N. world food program.

Freeman made the offer at a conference at which various nations also offered pledges of assistance to the world food program, being developed by the United Nations Food and Agriculture Organization. The food would be used to help feed the world's hungry.

TWELFTH NIGHT

In England, Twelfth Night (the 12th day after Christmas) commemorates three occasions relating to Christ. One is the visit of the three Wise Men of the East to the manger; second is the baptism of Christ; and the third is His changing water into wine at the marriage feast of Cana.

In sports, a "pothunter" is a person who is keener on winning prizes than on the sport for its own sake.

Steel Production Figures Revealed

NEW YORK (AP)—Steel production this year again is expected to miss the 100 million-ton mark, the Iron Age said today.

The metalworking trade publication predicted that U.S. production would fall between the 98 million tons of 1961 and the 99.3 million tons of 1960.

It said the principal factor in the forecast is prolonged inventory liquidation following the steel labor settlement.

If 100 million tons is to be reached, inventory liquidation would have to end soon, and production in the fourth quarter would have to improve at a progressive rate of one million tons a month.

Iron Age said indications are that October is not likely to show that rate of recovery.

Rotarians Hear District Governor

"Service Above Self," was the subject of a talk by William J. Hagenlocher of North Canton, to a full attendance of Rotary Club members at their meeting at the Memorial Building Tuesday following a meeting of the 17 members of the club assembly.

Hagenlocher is district governor of Rotary and field engineer for the Portland Cement Assn., past president of the Canton Rotary Club and a graduate of the engineering school at Carnegie Tech.

MISSING PLANET?

Astronomers assume that one planet is missing since, theoretically, there should be a planet revolving in an orbit between Mars and Jupiter, but no planet ever has been found there. Instead, there are a large number of small bodies, known as asteroids, minor planets or planetoids.

Democrat Leaders Pressing Passage Of New Tax Plan

WASHINGTON (AP) — Democratic lieutenants maneuvered today to avoid a situation in which President Kennedy might feel he had to veto the administration's tax revision bill.

Involved is an amendment being pressed in the Senate by Republican Leader Everett M. Dirksen of Illinois to attach to the measure a House-passed bill to set up a tax deductible retirement system for self-employed persons.

As many as 80 of the 100 senators are reported to be committed to support this proposal.

Everybody concerned thinks Kennedy would veto the measure if it came to him separately. The opinion is just about as unanimous that he would veto the parent tax bill if such a provision is included.

A veto of the parent bill would mean the junking of his proposal for a 7 per cent tax credit for business plant investment. This provision, agreed to by voters of

both houses, has been counted upon by the administration to soften some of the business opposition aroused in the steel price rollback.

To avoid wasting the months Congress has spent on the tax measure, administration lieutenants were working desperately to line up Senate votes to sidetrack

the self-employed proposal until after the parent bill is passed.

The outcome of this touch-and-go effort seemed likely to rest on a firm promise that the self-employed measure would be taken up immediately after the tax bill.

A pledge to get a final vote on the self-employed proposal before the Senate takes up the trade bill might give the administration sufficient votes to table Dirksen's amendment. Democratic leaders reportedly were convinced they had enough votes to do it.

HOSPITAL FOUNDER DIES

CLEVELAND (AP) — Dr. Edward M. Brickman, 59, associate chief of staff and co-founder of

Suburban Community Hospital, died at his home in suburban Moreland Hills Tuesday. He was a native of Toledo.

INDIAN "MEDICINE"

"Medicine" of the Navajo Indians invokes ancient curing ceremonies. A beautifully wrought sand painting is made and the medicine touches various symbols in it and then various parts of the patient's body. At the end of the ritual, the sand painting is destroyed and with it, the Navajo believes, goes the illness.

Muffins Spark Breakfast

Reopening of school should remind parents that a good breakfast is essential to a child's health and stamina.

"Poor breakfasts interfere with school work," states Dr. Fredrick J. Stare, Department of Nutrition, Harvard School of Public Health. "Unless children start the day with enough food inside them, they may become restless, inattentive, tire easily, and have little interest in outdoor activities."

Town Breakfast Studies proved that teen-agers 12 to 16 years old work and play better (and get higher grades) after an adequate

breakfast.

A basic cereal and milk pattern provides an adequate breakfast for children.

ONE BASIC BREAKFAST

Whole Orange, in Sections or Juice, Shredded Wheat with Sugar and Milk, Fresh-Baked Bran Raisin Muffins or Hard Roll, Butter of Margarine, Jam or Jelly, Milk or Cocoa (made with milk)

APPLESAUCE BRAN RAISIN MUFFINS
12 medium-size muffins)

1 cups sifted all-purpose flour, 1/2 teaspoon cinnamon, 1/2 teaspoon cloves, 1/4 teaspoon nutmeg, 3

teaspoons baking powder, 1/2 teaspoon salt, 3 tablespoons sugar, 1 cup whole bran, 1 egg, beaten, 1-3 cup milk, 2-3 cup thick applesauce, 1/2 cup raisins, 1/4 cup melted fat.

Sift together flour, spices, baking powder, salt and sugar. Mix in whole bran. Combine egg, milk, applesauce, raisins, and fat. Add to dry ingredients all at once. Stir only enough to moisten.

Fill greased 3x1 1/2-inch muffin pans 2-3 full. Bake in hot oven over (400 degree F.) about 20 minutes.

JELLY FLAKE MUFFINS
(9 medium-size muffins)

1 1/2 cups sifted all-purpose flour, 2 tablespoons sugar, 2 1/2 teaspoons baking powder, 1/2 tea-

spoon salt, 1 cup whole wheat flakes, 1 egg, beaten, 1/2 cup milk, 3 tablespoons melted fat, Grape jelly.

Sift together flour, sugar, baking powder and salt. Add cereal flakes. Combine egg, milk and fat. Add to dry ingredients, blending only until mixed.

Fill greased muffin pans about 1-3 full. Top each with a scant teaspoon of jelly and add more batter to fill to 2-3 full. Bake in a hot oven (425 degrees F.) for 20 to 25 minutes.

About 3 miles of filament yarn and 2 million stitches on a high speed hosiery knitting machine are needed to produce a pair of nylon stockings.

Enjoy Nectarines While They Last

Nectarines from California won't be in the market much longer. Therefore, enjoy them while they last, in molded salads and desserts, in fruit cups and of course to eat out-of-hand.

Try this salad for the patio party. Simply slice fresh nectarines and avocado and combine with shredded salad greens for tossing in a delightful dressing of sour cream, chopped eggs and seasonings. Serve with your favorite sandwiches.

SUMMER SALAD DELIGHT
(Makes 6 to 8 servings)

2 to 3 large fresh nectarines, 1 large avocado, 1 quart crisp salad greens, Sour Cream-Vinaigrette Dressing.

Slice nectarines. Cut avocado lengthwise into halves; remove seed and skin and slice fruit. Shred greens, combine nectarines, avocado and greens in a large bowl. Toss gently with Sour Cream-Vinaigrette dressing.

SOUR CREAM VINAIGRETTE DRESSING

1 cup dairy sour cream, 1 teaspoon capers (optional), 1 teaspoon instant minced onion, 1 teaspoon chopped parsley, 1 tablespoon sweet pickle relish, 2 chopped hard-cooked eggs, 1 teaspoon salt, 1 tablespoon vinegar. Mix all ingredients thoroughly.

Here's a New Way To Serve Nectarines

Food art—Here's A New Way pe

More than ever before, nectarines have gotten around in our markets. This juicy smooth-skinned fruit, with its delicate aroma and flavor is usually eaten out of hand. But nectarines may be used other ways.

In this recipe, tested in our kitchen, nectarines are mixed with melon and bananas and served with a curry sauce ad rice. The whole combination makes an interesting accompaniment for roast lamb or veal or turkey (roasted with or without stuffing, or poached). A main course festive enough for a company meal. Add a salad and a non-fruit dessert and you'll probably be quite satisfied with yourself as a hostess.

The sauce prepared by this recipe has a thin consistency, and this is as it should be. Because curry powders differ in strength, you may wish to adjust the amount given here.

Fruit With Curry Sauce

3 large nectarines, 1 small honeydew melon, 2 cups white wine, 1 tablespoon cornstarch, 1 tablespoon curry powder 1 teaspoon salt, 2 tablespoons light brown sugar, 1 can (10½ ounces) beef consommé, ¼ cup currants (rinsed in hot water and drained), 2 bananas.

Slice the nectarines and melon into matching-size wedges; marinate in the wine for a couple of hours; drain. In a medium saucepan stir together the cornstarch, curry powder, salt and sugar. Gradually stir in the wine drained from fruit, keeping smooth, and the undiluted consommé; add currants. Cook and stir constantly over moderate heat until clear and slightly thickened. Cut peeled bananas into slices or strips and arrange with nectarine and melon wedges around a cooked rice ring. Serve with hot curry sauce.

Note: In preparing the melon, cut into quarters and remove seeds; cut away flesh, then slice into wedges.

Game Season Approaches--

In many American homes, the men are still the hunters and the women still the cooks. So when the hunting season opens, the wise woman will have a few game recipes at hand.

Roast Venison
Use a tender cut from the leg.

NEW LOOK — Coming soon for some 30,000 U.S. postal clerks is this trim uniform modeled by Mrs. Bonnie Del Vecchio in Portland, Ore. Lady clerks will wear a matching Peking blue fitted jacket with a blue and/or white blouse. Male clerks also will wear a blue jacket.

Join or rib. Lard and sprinkle with garlic salt, pepper and flour. For accurate judging of cooking time, insert meat thermometer into center of roast, being careful not to let it touch a bone.

Roast in preheated 350 degree F. oven until rare or medium-rare, which gives the best flavor and most tender meat. Use readings on thermometer for beef or allow 20 to 25 minutes per pound. Baste frequently with melted bacon fat. Serve with buttered noodles, chestnut puree, buttered peas, hot rolls and tart jelly. Hunters often like cold beer or ale or red wine with their venison.

Chestnut Puree
Wash chestnuts and make two slits in outer brown shells of each. Cover with cold water and boil 5 minutes. Drain.

Remove brown shells and inner skins. Cover with boiling water and simmer 20 minutes or until tender. Drain.

Force through a sieve or ricer or puree in an electrical blender. Beat with a little butter and cream.

Season to taste with salt and pepper. Serve with roast or broiled venison.

Experiments show that there is no basis for thinking that an albino is physically weaker than a normal being.

Lake Michigan and Great Salt Lake are the two largest lakes that lie entirely within the United States.

Better Breakfast Boosts School Child's Whole Day

With the reopening of schools, doctors, nutritionists and teachers urge parents to cooperate with them in teaching young children to eat a good breakfast daily before leaving for school.

A survey made in the Cleveland Public Schools in 1959-60 indicated that over 10 per cent of the children in elementary grades did not eat a proper breakfast. At upper elementary levels, more and more of them missed breakfast entirely. The study was prompted by the frequent complaints from children about having headaches and not feeling well. Other children seemed to be listless, inattentive in class, too tired and even irritable. These were the children who had little or no breakfast.

As a result of this school survey, William G. Walters, health educator, Cleveland Board of Ed-

ucation, conducted demonstration lessons on better breakfasts in more than 30 different schools, for over 5,000 children, to combat the no-breakfast situation. The children came from families of varying social-economic levels. He found that the following four approaches got results—and the number of school children eating no breakfast or a poor breakfast dropped by 50 per cent:

1—Breakfast can be planned using foods that appeal to one or several of a child's senses. A ready-to-eat cereal appeals to a child's sense of sight, because the color is warm; to his hearing because the cereal crackles in the bowl; to his taste, because it is crisp and sweet.

2—Teachers can provide information on breakfast or foods good to eat for breakfast, during class

instruction, and can encourage the children to take this information home.

3—Children can participate in a breakfast party at school, where fruits, cereals and other foods can be served in different ways.

4—School bulletin board posters can be made in art class, answering questions on nutrition.

Dodgers Nip Giants 5-4, Stretch Lead To 3½ Games

Reds Trim Braves; Pirates Belt Mets

By MIKE RATHER
Associated Press Sports Writer

The Los Angeles Dodgers, big, bad bandits on the basepaths, have stretched their National League lead to 3½ games on a sudden burst of speed by the unlikely desperado of them all —

Dick Donovan Drops Tilt In 13 Innings

CHICAGO (AP)—Thirteen was unlucky for Dick Donovan Tuesday night.

The veteran Cleveland right-hander worked that many innings in quest of his 19th victory, the longest stint by an American League pitcher this season, but it was a losing cause.

The Chicago White Sox beat the Indians, 3-2, when Al Smith lined a bases-loaded single to left field in the fourth inning to set up Donovan's first run.

It was the 14th complete game of the season for Donovan, now 18-8.

Frank Baumann, who went six scoreless innings in relief, gained the victory.

Donovan could have won 2-1 in nine innings if shortstop Woodie Held had not made two errors on a routine double play grounder in the fourth inning to set up Chicago's first run.

A walked to Floyd Robinson started the winning rally. Charlie Maxwell sacrificed and Bob Sadowski was given an intentional walk. Cam Carreon singled to deep short, but Robinson was tagged out when he was caught in a rundown after he rounded third.

Sam Esposito was passed in the game-winning single as a pinch-hitter for Baumann.

The Indians blew three chances to win the game in late innings.

They had two on with one out in the ninth, but Donovan and Willie Tasby were retired. The bases were full in the 11th when Baumann retired Tasby on a fly. In the 12th, two runners were on when Held flied out.

The Tribe got its two runs in the third inning on two walks, a single by Tito Francona and an error. The Sox tied it in the seventh on Carreon's double and a pinch single by Mike Hershberger.

The four-game series concludes tonight with Jim Grant (6-8) or Sam McDowell (2-7) starting for the Indians against Ray Herbert (14-9).

Sandy Koufax Lost To L.A. For Season

LOS ANGELES (AP)—Sandy Koufax, Los Angeles Dodger southpaw who was having his best season when a hand nerve block sidelined him July 17, will do no more pitching this year.

So says Dodger Manager Walt Alston, who has called up right-hander Jack Smith of Omaha, the American Association's top relief pitcher. Smith, who had a 17-7 record at Omaha, reports today to bolster the sagging Dodger mound corps.

The Dodgers have been sweating it out with what amounts to a seven-man pitching staff, the smallest in the majors, with Koufax incapacitated and Larry Sherry out with a sore arm and an ankle injury.

Fichtner Earns Starting Berth

Gets Browns' Call At Right Safety

CLEVELAND (AP)—Ross Fichtner, former Purdue quarterback, has a good chance of being the Cleveland Browns' regular right safety man when they open the 1962 campaign Sept. 16 against the New York Giants here.

Fichtner, an extra defensive back last season, helped his cause considerably with two pass interceptions against the Los Angeles Rams last Saturday night.

His first interception ended a scoring threat in the third quarter and the second grab killed the Rams' hopes of getting into position for a field goal in the late seconds of the game.

Fichtner feels the fact he wasn't shifted around during the training season has made him an improved player.

"They put me at right safety and have left me there," he said after Tuesday's drill at League Park. "You'd be surprised the difference it makes."

The coaches like Fichtner's tackling ability and feel he has the quickness to cover the fleet pass receivers.

The Browns need a victory over the Chicago Bears Friday night in Chicago to complete their five-game preseason schedule undefeated. Coach Paul Brown is toying with the idea of starting rookie Ernie Green at left half back against the Bears.

Indians Sign Scout For Midwest Area

CLEVELAND (AP) — Walter G. Shannon, who was with the St. Louis Cardinals organization for 27 years, has been named Midwest scouting supervisor for the Cleveland Indians, General Manager Gabe Paul announced today.

Shannon resigned as director of scouting for the Cardinals to accept the post. Paul indicated the appointment is the first major step in strengthening the Indians' scouting staff.

Pinson Bats In 4 Rounds

Vada Pinson drove in four runs with his 21st homer and a single, but it took Keough's pinch-hit bases-empty homer in the eighth off Claude Raymond (5-3) to snap a 6-6 tie and put it away for the Reds. The Braves rapped out 14 hits, including homers Nos. 24 and 25 by Ed Mathews before Jim Brosnan relieved Jim O'Toole 15-13 and retired the last five men. Johnny Edwards also homered for the Reds.

Musial connected for his 16th homer after Cubs' starter Cal Koonce (9-9) walked two men in the third. That gave the Cards a lead they never relinquished as Larry Jackson (13-10) allowed only five singles, striking out seven while walking none. Cubs second baseman Ken Hubbs drew to within one of Bobby Doerr's record of 414 consecutive chances without an error.

Haddox Gets 3 Hits

Haddox (9-5) permitted the Mets only eight hits while collecting three himself, stroking two doubles and a single and scoring the run that proved to be the clincher on Bill Virdon's fifth inning single. The Mets scored their only run in the seventh on a double by Frank Thomas and Joe Christopher's single. Craig Anderson (3-16) took the loss, his 15th in a row.

Bruce (9-8) kept the Colts from becoming the first team in major league history to lose an entire season's series to another club. This was the last meeting between the two teams. Bruce also drove in two runs with a double and single, sharing honors with Bob Lillis, who knocked in a pair with a triple. The only run off Bruce came on Don Demeter's 25th homer. Cal McLish (9-5) was the loser.

Stallsmith, Wilson Tie For 'A' Batting Crown

Gene Stallsmith of Shaffer Ford and Chuck Wilson of the Democ-

rats are the 1962 batting champions of Salem's Class A Softball League. Both sluggers finished the season with .449 averages with 22 hits in 49 trips to the plate.

Each will receive a trophy. To be eligible for the batting title, a player must have made at least 50 appearances at the plate, including walks, sacrifices and other appearances not chargeable as times at bat.

Buckeye Ramblers Close Season With Split At Palestine

The Salem Buckeye Rambler baseball team ended its season by splitting a doubleheader at East Palestine on Labor Day. Salem won the first game in nine innings, 5-2, but lost the seven-inning second game 5-4.

Dick Beall, Wayne Walters and Tom Furlong paced the first game batting attack for the Ramblers with two hits apiece. Furlong had a two-run double. Jim Meissner was the winning pitcher, giving up five hits, striking out five and walking only one. Meissner finished the season with an impressive 7-1 pitching record.

East Palestine won the second game with a run in the last of the seventh, breaking a 4-4 deadlock. A two-run single by John Hanna of Salem tied the game in the sixth. Tom Owens had a double for the locals.

Tom Furlong was the losing pitcher, giving up 11 hits. He fanned eight and walked five. Hardesty was the winning pitcher for East Palestine, limiting Salem to four hits.

Karen Susman III, Wins Match

Froehling Believes He Can Beat Laver

By ED CORRIGAN
Associated Press Sports Writer

FOREST HILLS, N.Y. (AP)—Frank Froehling, a tall, hard-hitting 20-year-old predicted today he could beat "unbeatable" Rod Laver—if only he could learn to concentrate.

"I've played Laver several times," said Froehling, a junior at Trinity University. "He's beaten me each time, but I've played him on a pretty even keel. If I could learn to concentrate, I think I could beat him."

Froehling is America's sixth-ranked player and is seeded eighth in the current National Championships. It's something of a distinction in view of the fact that Chuck McKinley, No. 3, is the only other seeded American.

Froehling played Cliff Drysdale of South Africa in the third round today. Only 11 matches were played Tuesday before rain interrupted the proceedings at the West Side Tennis Club. This was the second rainout in a week.

The big question today was whether Karen Hantze Susman would recover enough from her flu attack to continue in the tournament. Wimbledon queen Karen from San Diego, Calif., is seeded No. 2 in the women's division to Margaret Smith of Australia.

Karen defeated Mimi Arnold of Santa Barbara, Calif., 6-1, 8-6, Tuesday but just managed to last out the match. When it was all over, her husband, Rod, said she would have had to default if she had lost the second set. It was a second-round match that had been postponed because of Karen's illness from Monday.

Miss Smith made short work of Stephanie de Fina of Hollywood, Calif., 6-0, 6-1 to lead the way into the third round. Defending champion Darlene Hard of Long Beach, Calif., seeded No. 5, downed Jan Lehane of Australia, 6-4, 6-3, and Maria Bueno of Brazil, seeded No. 3, and the champion in 1959, whipped Deirdre Catt of Britain, 6-4, 8-6.

Eighth-seeded Sandra Reynolds Price of South Africa halted Pia Bailing of Denmark, and Anna Dmitrieva of the Soviet Union advanced with a 6-4, 6-0 victory over Nadine Netter of Scarsdale, N.Y.

Here are the final batting averages in Class A for the 1962 season:

Player	Team	AB	H	Avg.
Stallsmith	Shaffer Ford	49	22	.449
Wilson	Democrats	49	22	.449
Gunthrie	Lisbon	55	24	.437
Carlisi	Democrats	44	19	.432
Alek	Odum's	55	23	.419
Inguide	Italian	65	26	.401
Francis	Lisbon	44	17	.387
Talbot	Lisbon	39	15	.385
Huffman	Lisbon	39	15	.385
Panezott	Odum's	43	16	.372
Williams	Democrats	54	20	.371
Carlisi	Odum's	57	21	.368
Belling	Shaffer	54	19	.352
Jeffries	Odum's	50	17	.340

Salem Invitational Tennis Tourney To Start Sept. 14

The third annual Salem Invitational Tennis Tournament will be held Sept. 14, 15 and 16 at the Saem Country Club and Salem Golf Club, Maurice Young, tourney director, announced today.

Ed Dupay of Youngstown, last year's singles winner, and Leon Yarnell and Glen Barker of New Philadelphia, 1961 doubles champs, will be back to defend their titles.

Second seeded in singles play is Bob Thompson of Youngstown, who defeated Dupay earlier this year and is the current tennis champ of Youngstown. Thompson took the Invitational crown in 1960. Third seeded is John Garver, 1959 champion.

Bill Barth and Paul Morris of Youngstown are second seeded in doubles play ahead of John Bow-

OUT OF DOORS with Field & Stream

By RUFUS LIDE

With Labor Day a thing of the past for 1962, fishermen will be scarce from here on until next spring.

A few lucky fishermen ended the vacation days by making some nice catches at Lake Guilford last week. One lucky young angler from Canal Fulton, David McClay, was fishing for bluegills using a small hook and grasshoppers for bait, and of all things, landed a 19½ in. large-mouth bass.

WALT AND EDDIE Riegler, 13 and 15-year-old brothers from Canton, landed 13 channel cats from 13½ to 23½ inches, the largest weighing 3 lbs. 14 ozs. That represents, roughly, about 15 lbs. of channel cats which is the biggest individual haul I have learned about so far.

Mind you, these channel cats were stocked about three years ago, although they have been stocked for the past three years by the Ohio Division of Wildlife as fingerlings.

Channel cats certainly will be one of the top sought after fishes in time or I miss my guess. They were taken on dead gizzard shad, but the boys won't reveal the exact pocket in the lake where they were taken.

This proves one point, stocking mature fish in a body of water might create some fishing excitement for the time being, but stocking fingerlings that grow into big fish is much more preferable and cheaper in the long run.

THE CANFIELD FAIR (Mahoning County) has drawn to a close with 1962 rating about the highest in attendance with perfect weather to help swell the crowds. I mentioned last week I attended the Canadian National Exhibition in Toronto and thought it was great.

The Mahoning County Fair is not nearly as large, but the local figures give 66,000 paid attendees last Sunday. A Toronto newspaper headlined the fact that the Exposition had 38,000 in attendance there one day.

It's hard to believe that a city of a million and a half people, besides the rest of the Province of Ontario, does not compare with the Canfield Fair in attendance — that is considering the Canfield Fair only lasts five days. We gotta' do something about our Columbiana County Fair. At least I am sure there will be

COLUMBIANA GOLFER Qualifies In Tourney

CANTON, Ohio (AP) — Walt Stahl Jr. of Cleveland shot a one-over-par 145 at Brookside Country Club Tuesday to win medalist honors in the 36-hole qualifier for the U.S. National Amateur Golf Tournament at Pinehurst, N.C., Sept. 17-22.

Runnerup in the field of 53 was John Tullio of Aurora, who had a 147. Dan Carmichael of Columbus was third with 148.

Others qualifying were Karl Schmidt of Akron, Art Hudnutt of Elyria and Marion Heck of Columbiana. The trio finished with 149s and beat Tom Weiskopf of Cleveland in a sudden death playoff.

Lead Cut To 2½ Games

Yankees Humbled Again By Angels

By JIM HACKLEMAN

Associated Press Sports Writer

The game's not over until the final out may be a trite old battle cry—but for the amazing Los Angeles Angels it's a way of life.

Following the script they've used so often this season, the Angels humbled the New York Yankees 7-6 Tuesday by pouring across six runs in the seventh inning and producing the winner in the ninth. It was the 16th time this year they've scored the clincher in their last turn at bat, and the 33rd time they've come from behind in the final three innings.

Twins Rained Out

It was a day of multiple shocks for the Yankees, whose American League lead over the rain-idled Minnesota Twins was cut to 2½ games and over the third-place Angels to 3½.

Even before game time, the Bombers received a disheartening setback when fragile slugger Mickey Mantle was disabled in a batting practice mishap. Mantle tore the lining loose from his rib cage taking a hard cut, and is expected to be sidelined for several days.

In other AL action, the Chicago White Sox edged Cleveland 3-2 on Al Smith's pinch single in the 13th inning and Kansas City whipped

Boston 7-2. In addition to the Twins-Senators postponement at Washington, the Detroit Tigers and Orioles were rained out at Baltimore.

Turned back with just three hits off southpaw ace Whitey Ford through six innings and trailing 4-0, the Angels cut loose with one out in the seventh. Lee Thomas smacked a two-run homer, Billy Moran singled in a run, two more scored when Tony Kubek let a potential double play ball skip through his legs, and the sixth run came in on a round out.

Clete Boyer pulled the Yanks even in the eighth when he homered with one on, but the scrambling Angels counter-rallied in the ninth. Joe Koppe led off with a single off Bud Daley, who struck out the next two men but then yielded a walk to Leo Burke and a deciding single to Bob Rodgers.

Athletics Batter Red Sox

The Athletics battered the Red Sox with two big innings. They counted four runs off loser Bill Monbouquette in the sixth, and a double by Ed Charles and George Alusik's homer the key hits, and pushed across three more against Chet Nichols in the ninth. Ed Rakow was nicked for 12 hits but went the distance for Kansas City.

Angels Sell Bo Belinsky To Athletics

NEW YORK (AP)—The Los Angeles Angels have sold no-hitter southpaw Bo Belinsky to the Kansas City Athletics for delivery after the 1962 season. The Associated Press learned from an authoritative baseball source today.

Delivery of Belinsky to the A's is part of the deal in which the Angels acquired right-handed pitcher Dan Osinski from the Kansas City farm team in Portland.

Officials of the Los Angeles Angels, in New York for a vital series with the Yankees, refused to confirm or deny the report the colorful southpaw has been sold. The Los Angeles Times also reported the deal.

"Get your own damn confirmation," was the reaction of one club official. Belinsky, a cocky semi-formed pool shark pitched the first no-hitter in the American League in four seasons when he beat the Baltimore Orioles 2-0 on May 5.

He was immediately clutched to the hearts of Hollywood, with a resultant drop in his effectiveness. From a 7-2 record, he fell off to 8-9, and has won only one game since mid-June.

Cards' Bill White Joins Batting Race

NEW YORK (AP)—Bill White of the St. Louis Cardinals gained the most ground among the batting leaders last week and moved into fifth place in the National League competition.

White, eighth a week ago, collected 12 hits in 26 tries and picked up seven points to 326.

Meanwhile, Tommy Davis of the Los Angeles Dodgers regained the lead from Cincinnati's Frank Robinson. Davis, who also paces the circuit in runs batted in with 128, climbed two points to 342 with 12 safeties in 31 at bats.

Robinson fell into a second place tie at .335 with the Cards' Stan Musial. Robinson lost seven points with a 7-for-31 showing while Musial dropped one point with 8-for-25. Hank Aaron of Milwaukee tumbled one place to fourth at .331. The figures include Monday's games.

In the American League, Pete Runnels of Boston lost six points. However, with a .332 average, he holds a 19-point edge over runner-up Floyd Robinson of the Chicago White Sox. Robinson picked up one point to 313 with 10 safeties in 31 trips.

Rich Rollins of Minnesota tied Norm Siebern, Kansas City, for third place at .310 and Chuck Hinton of Washington, who has hit safely in 11 straight games, rushed up to grab fifth place at .308. Rollins gained five points with 12 hits in 30 attempts. Hinton advanced six points as a result of 14 hits in 38 times at bat.

Major League Stars

By The Associated Press

BATTING—Vada Pinson, Reds, drove in four runs with his 21st homer and single, leading third-place Cincinnati to 9-6 triumph over Milwaukee that kept Reds 6½ games back of the National League leading Los Angeles.

PITCHING—Larry Jackson, Cardinals, limited the Chicago Cubs to five singles, striking out seven while walking none, in 7-1 victory.

Moves Around Penn Grill

Greene Oil Co. Takes Lead In Flying B Golf League

Greene Oil Co. continued its fine play in the Flying B Golf League last week, moving around Penn Grill into first place.

The Oilers have a total of 125 points, four more than runner-up Penn Grill. The race in the 20-team league remained tight near the top. Rufers jumped into third place last week, moving around Riffle's who dropped 10 points to Penn Grill.

Corso's Drive-In, the fifth place team, is only nine points behind the leaders. Low gross rounds of 36 were fired last week by Rudy Schuster and Ed Pukalski of Greene Oil and Gene Billet of Powder Puff. Greene Oil Co. once again took team honors with a low gross score of 150. There was a tie for low net between Sell's Serv-

School Of Religion Planned In Leetonia

LEETONIA — A school of religion, sponsored by the No Co Soma Lutheran Group of Churches, will be held in St. Paul's Lutheran Church on six Monday nights 7:30 to 9:45, starting Sept. 17.

Five courses will be offered: Bible Study (I Corinthians), "Social Problems," (both 2 hours); "How To Teach the Bible to Churches"; "Basic Christian Beliefs" (1 hour).

Two one-hour courses may be taken. Registration is fifty cents and blanks may be secured at St. Paul's.

Mrs. O. B. Morrison of Indianapolis, Ind., the sister of Rev. T. Laughner, returned with the Pastor and Mrs. Laughner following their week's vacation and will be a guest at the Lutheran Parsonage the next two weeks. The Laughners spent their vacation visiting relatives and friends in Springfield and Dayton, and

in Indianapolis and Whitestown, Ind. RICHARD BROOKS has returned to his home after a month's visit with his brother, Mr. and Mrs. Keith Brooks, and sister, Marlene, at Worcester, Mass.

Mr. and Mrs. Herbert Brooks entertained at a family dinner Sunday honoring the birthday of their daughter, Mrs. John Buffone.

The L.B.C.A. will meet Thursday evening in the School Hall. A silent auction will be featured.

The committee in charge is: Mrs. Mildred Less, Mrs. Mary McCoy, Mrs. Betty Bell, Mrs. Mary White, Mrs. Mary Less, Mrs. Betty Keagy, Mrs. Wilma Bailey and Mrs. Carol Sevensch. Jeffery Bedee of Youngstown visited his grandparents, Mr. and Mrs. Rolland Leach, Saturday.

Mr. and Mrs. James T. Griffiths visited over the weekend in Oil City, Pa.

MRS. WILLIAM HOFFMAN, Columbia St., left Sunday to spend the winter with her son and daughter-in-law, Mr. and Mrs. William Hoffman of Pittsburgh, Pa.

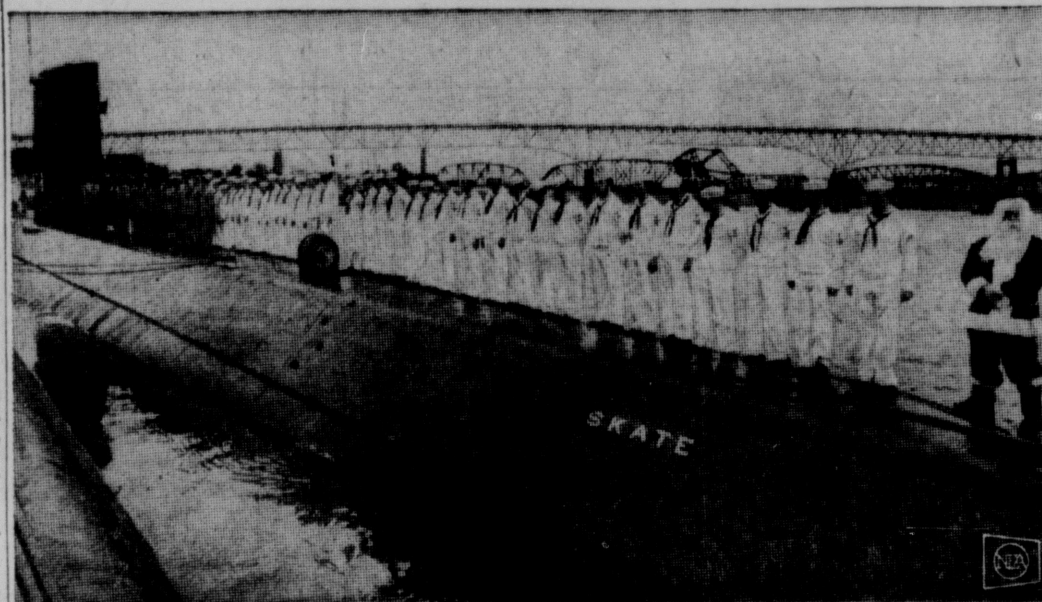

Four tables of 500 were in play at the benefit sponsored by the Rebekah Lodge Saturday evening. Prize winners were Clark McCowan, Vernon Walters, Ber-Holt, Mrs. Nellie Atkinson and Mrs. Holt served lunch.

The next benefit will be held Thursday.

School Lunch Menu

Thursday, mashed potatoes, creamed chicken, biscuits, gelatin salad, milk.

Friday, fish sandwiches, tartar sauce, apple sauce, buttered green beans, milk.

HITCHHIKER FROM THE NORTH—Santa Claus, right, joins crew of the nuclear submarine USS Skate as she ties up at New London, Conn., in wake of her historic North Pole rendezvous with sister ship USS Seadragon.

People In the News

By The Associated Press
U Thant, acting secretary-general of the United Nations, returned from a 10-day tour of Iron Curtain nations during which he talked with Soviet Premier Khrushchev. He repeated a previous statement that Khrushchev does not at the moment plan to attend the coming U.N. General Assembly meeting, but added that this "does not preclude his coming at a later date if circumstances warrant it."

John Foster Dulles, the secretary of state who died on May 24, 1959, at the age of 71 left an estate of more than one million dollars—\$862,579 after taxes. Principal beneficiary is Dulles' widow, Janet, of Washington, who gets the income from the residuary estate for life.

A son, John Watson Foster Dulles of Rio de Janeiro got \$100,000, a daughter, Lillias Dulles Hinchshaw of New York City, got \$10,000, and another son, the Rev. Avery Dulles, a Jesuit priest in Woodstock, Md., was left \$5,000. Three sisters were willed \$10,000 each, and a brother, Allen, former head of the Central Intelligence Agency, got a set of books valued at \$50.

Tom Ewell received a generous but not very precise contract, says Actors Equity. The union of stage performers made the ruling in connection with a contract given Ewell for appearances at the Bucks County Playhouse in Pennsylvania in "Harvey." After listing various terms, the contract added "the actor may have anything else he wants."

The producer said the clause

was inserted for the sake of brevity, but Equity said the rider "is so indefinite as to its meaning we must exercise our prerogative to refuse it as part of the contract."

Tumor Removed From Hoover Was Cancerous

NEW YORK (AP)—The intestinal tumor removed from former President Herbert Hoover a week ago was cancerous but "no recurrence is anticipated," Columbia Presbyterian Medical Center announced Tuesday.

The statement that no recurrence was expected indicated that doctors believed all the cancerous tissue was removed in the three-hour operation that Hoover, 88, underwent Aug. 28.

TWO FORFEIT BONDS

LISBON — Two motorists forfeited a total of \$35 in bonds Tuesday in Mayor Dean Stockman's court when they failed to appear for hearings after being cited by village police. Shirley A. Pyle, 39, Lisbon RD 3, forfeited a \$25 bond for reckless operation, and Leroy J. Nestler, 19, Pittsburgh, a \$10 bond for failing to stop at a stop-light on the square.

CHARGED IN STABBING

MIDDLETOWN, Ohio (AP)—A 14-year-old Middletown youth has been charged with cutting to kill as the result of a fight Monday night in which another youth was injured. Douglas Watson, 14, remained in fair condition Tuesday at Middletown Hospital with a stab wound in his chest.

32 Enlist In Army During August

During August 32 men were enlisted into the Army by M. Sgt. Rocco Minniti, local recruiter whose office is now located at 115 S. Broadway. Enlisting from Salem were:

Robert Catlos, son of Mr. Milan Catlos, 868 E. 4th St., field radio repair, a 23-week course at Ft. Gordon, Ga.

Jud C. Chappell, son of Mr. and Mrs. Robert Chappell, 911 Franklin Ave., pharmacy specialist, a 28-week course at the Brooke Army Medical Center, Ft. Sam Houston, Texas.

Robert W. Parker Jr., son of Mr. and Mrs. Robert W. Parker Sr., 280 Benton Rd., automotive repair.

SP5 Clarence Schnorrenberg, 922 W. Pershing St., a veteran of 18 years' army service, X-ray specialist at the Letterman General Hospital, San Francisco, Calif.

SP4 Donald L. Smith, 370 N. Lundy Ave., veteran of eight years' army service, direct assignment to Ft. McArthur, Calif.

Other area men enlisting were: Fred L. Bowman Jr., son of Mr. and Mrs. Fred L. Bowman Sr., RD 4, Lisbon, aircraft maintenance.

Valas R. Homan, son of Mr. and Mrs. William Homan, 202 Sherman St., Lisbon, telephone outside plant maintenance.

Gary A. Norton, son of Mr. and Mrs. James Norton, Negley, medical care and treatment.

Charley Chaney, son of Mr. and Mrs. Cornelius Chaney, Sebring, field artillery operations and intelligence.

Integrated Schools In South Start With No Incidents

For the second year in a row, desegregated Southern schools started the fall term peacefully and this year Negroes and white youngsters attended classes together in parochial schools at New Orleans, La., and Atlanta, Ga.

Public school desegregation spread in Arkansas, Maryland, Florida, Tennessee and Virginia. Efforts to lower racial barriers failed Tuesday at Baton Rouge, La., Huntsville and Gadsden, Ala., Albany, Ga., and at the Carrollton schools near Dallas, Tex.

Alabama, Mississippi and South Carolina remained the only states with no racial integration at the public school level.

Heartened by the lack of major incidents in the South, Chattanooga, Tenn., and surrounding Hamilton County calmly faced the city's first public school integration today.

City and county police were ordered out in force at schools where 51 Negro youngsters registered to attend classes with white children. The metropolitan area on the north Georgia border was the last of Tennessee's four major cities to desegregate.

A total of 23 school systems in Tennessee now have integration programs under way.

The police superintendent of New Orleans, Joseph I. Giarrusso, said that city's citizens "squarely faced an expanded school desegregation Tuesday with calmness, dignity and a complete regard for law enforcement."

About 150 Negroes desegregated some 30 schools of the Catholic archdiocese, embracing New Orleans and 10 neighboring parishes. An estimated 9,000 Negroes are among the 48,000 pupils in the system.

The first New Orleans public school desegregation in 1960 was marked by noisy demonstrations and a boycott by white persons. The city begins its third year of public school integration Thursday.

Racial barriers were dropped in the secondary parochial schools of the Atlanta archdiocese when 17 Negroes attended six previously white schools—four in the Atlanta area, one in Marietta and one in Athens.

Glass blowers of central Germany made the first glass ornaments for Christmas trees in the 1850s.

Four Fined, Five Forfeit In Lisbon

LISBON — Cloyd E. Kreps, 36, Salineville RD, received a suspended 30-day jail sentence at a hearing Tuesday before County Judge James L. MacDonald for driving without a valid driver's license. He was fined \$50 for this violation and \$5 for speeding.

Three other motorists were fined a total of \$12 and costs for speeding, and five others forfeited bonds totaling \$75 when they failed to appear for hearings. Richard N. Hanna, 18, Lisbon

RD 4, and Walter A. Rice, 19, Lisbon RD, were each fined \$5 and costs and Robert C. Mauk, 33, of Alliance, \$2 and costs.

Forfeiting \$15 bonds each for speeding were H. O. Campsey, 30, Charleston, W. Va.; Warren J. Currey, 65, Medina; Paul W. Moss, 34, Geneva; Isaac T. Love, 29, and Nick E. Spevock Jr., 33, both of Cleveland. All were cited by the State Highway Patrol.

The apple blossom is the state flower of Arkansas; the pine is its state tree and the mockingbird its state bird.

George Pottery Co. Stockholders To Meet

EAST PALESTINE — The annual meeting of stockholders of the W. S. George Pottery Co. will be held at 8 p.m. Sept. 18 at the American Legion Hall.

Election of directors will be included in the order of business. Plant No. 1 of the pottery is now leased to the Royal China Co. of Sebring and is operating on a seven-day week basis.

GIRL, 6, ABANDONED

CINCINNATI (AP)—Police are seeking information about a 6-year-old girl apparently abandoned at the Adler Hotel Tuesday. She told officers her name is Daphne Biddix and she was brought to Cincinnati Sunday from Asheville, N.C., by a woman who registered at the hotel as Betty Cook. The woman later departed for parts unknown.

Daphne told police she hitchhiked here with the woman and that she had been living at Asheville with her grandmother.
